AYUSHMAN BHARAT: A PIONEERING INITIATIVE TO REALISE THE VISION OF HEALTH FOR ALL

he Government of India is cognizant that primary health care is currently focusing largely on reproductive, maternal, new-born, child and adolescent health and communicable diseases. This poses challenge given epidemiological transition, where non-communicable diseases account for nearly 62% of deaths among men and 52% among women- most of which are premature in nature. The situation is exacerbated by the fact that there is low utilization of public health system, especially at the level of Community Health Centre (except for child birth related services). There is lack of effective gate-keeping and referral, leading to fragmentation of health care services. Families are forced to incur high out of pocket expenditure thereby leading impoverishment and poverty on medical and account of hospitalization expenses. Health is an important cornerstone to the

Government's vision of development, 'Swasth Bharat, Samriddha Bharat (Healthy India, Prosperous India). To fulfil the vision of Health for All and Universal Health Coverage, enshrined in the National Health Policy 2017, the Government conceived Áyushman Bharat' (Healthy India), a pioneering initiative led by Prime Minister Shri Narendra

Modi.

Ayushman Bharat: The Scheme

India has achieved significant public health gains and improvements in health care access and quality over the last three decades. The health sector is amongst the largest and fastest growing sectors, expected to reach US\$ 280 billion by 2020. At the same

time, India's health sector faces immense challenges. It continues to be characterized by high out-ofpocket expenditure, low financial protection, low health insurance coverage amongst both rural and urban population. It is a matter of grave concern that we incur high outof-pocket expenditure on account of health and medical costs. 62.58% of our population have to pay for their own health and hospitalization expenses and are not covered through any form of health protection. Besides using their income and savings, people borrow money or sell their assets to meet their healthcare needs, thereby pushing 4.6% of the population below the poverty line. The Government of India is committed to ensuring that its population has universal access to good quality health care services without anyone having to face financial hardship as a consequence.

n detective movies and spy thrillers we find how investigators look for clues to find out who has committed the crime. They also explore the trail which could lead to the criminals. Such investigators make comprehensive use of forensic science to find out the facts and to draw their conclusions. From this we can see how important is the subject of Forensic Science. Simply put Forensic Science is the application of various disciplines of science such as physics, chemistry, biology, computer science engineering to matters of law. Forensic science plays a significant role in the criminal justice system by providing scientifically based information through the analysis of physical Durina evidence. investigation, evidence is collected from a crime scene or from a person, analysed in a crime laboratory after which the

are presented for convicting the criminals and dispense justice.It is easy to understand that each crime scene is unique, and each case presents its own challenges. Those who find this description interesting and are keen to meet such challenges, may think of a career in forensic science. Forensic science can be a powerful force in support of justice and public safety. Properly applied, it clears the innocent and helps convict the guilty. The job of a Forensic scientist is to help collect, preserve, and examine physical evidence during the course of an investigation.

The subject can be divided into three categories. The first one is Forensic Medicine which includes forensic pathology, psychiatry, psychology, and odontology.

Next comes Laboratory sciences consisting of chemistry, biology, toxicology, ballistics, fingerprints, targeted documents and impressions. The last one is Field sciences comprising of crime scene investigation which inter alia includes investigating cases of fire and explosion and also places where drugs are made and circulated.

Topics covered under forensic science include Suspect Detection System, Brain Electrical Oscillation, Signature Profiling, Narcoanalysis, Polygraph Examination, Audio Video Authentication System, Handwriting analysis, among others. Forensic science comprehensive subject in itself and has multiple branches and specializations. Some of these are briefly described below:

Forensic serology - This branch of forensics deals with examining physical evidences submitted in various crimes such as homicides, physical assaults, burglaries, robberies etc.

Forensic Psychiatry-Psychiatry is a subject related

to mental health of human beings. When a person commits crime it also reflects the mental state of the person. Forensic science integrates past observations in clinical experience and researches in neurosciences to understand the human aspect of criminal incidents.

Forensic Engineering examines intricacies of road accidents, fire accidents and other cases of injuries which need detailed investigation.

Forensic Architecture-Forensic architects design mortuaries and forensic science institutes. This is a combination of architecture and forensics.

Forensic Laboratory
Analysis- The job of analysts
working in this area is to
conduct DNA testing including
micro analysis of blood etc. to
bring out facts related to crime.

Under the ambit of Ayushman Bharat, a Pradhan Mantri Jan Arogya Yojana (PM-JAY) to reduce the financial burden on poor and vulnerable groups arising out of catastrophic hospital episodes and ensure their access to quality health services was conceived. PM-JAY seeks to accelerate India's progress towards achievement of Universal

hospitalization expenses. The scheme is entitlement based, the beneficiary is decided on the basis of family being figured in SECC database. When fully implemented, the PM-JAY will become the world's largest government funded health protection mission.

Benefits of PM-JAY Beneficiary Level

 Government provides health insurance cover of up to Rs. 5,00,000 per family per year.

Health Coverage (UHC) and Sustainable Development Goal - 3 (SDG3).

Pradhan Mantri Jan Arogya Yojana (PM-JAY) will provide financial protection (Swasthya Suraksha) to 10.74 crore poor, deprived rural families and identified occupational categories of urban workers' families as per the latest Socio-Economic Caste Census (SECC) data (approx. 50 crore beneficiaries). It will offer a benefit cover of Rs. 5,00,000 per family per year (on a family floater basis).

PM-JAY will cover medical and hospitalization expenses for almost

- More than 10.74 crore poor and vulnerable families (approximately 50 crore beneficiaries) covered across the country.
- All families listed in the SECC database as per defined criteria will be covered. No cap on family size and age of members.
- Priority to girl child, women and and senior citizens.
- Free treatment available at all public and empaneled private hospitals in times of need.
- Covers secondary and tertiary care hospitalization.
- 1,350 medical packages covering surgery, medical and day care

Comprehensive Primary Health Care: Preventive, Promotive, Curative, Palliative, and Rehabilitative and delivered close to where people live. Family/Household and Community Level Sub centres/PHC/UPHC strengthened as HWC Health and Wellness Centres General medical Consultation (at PHC/UPHC); Specialist consultation and First level of hospitalization at CHC/SDH/DH

all secondary care and most of tertiary care procedures. PM-JAY has defined 1,350 medical packages covering surgery, medical and day care treatments including medicines, diagnostics and transport.

To ensure that nobody is left out (especially girl child, women, children and elderly), there will be no cap on family size and age in the Mission. The scheme will be cashless & paperless at public hospitals and empanelled private hospitals. The beneficiaries will not be required to pay any charges for the hospitalization expenses. The benefit also includes pre and post-

treatments, cost of medicines and diagnostics.

- All pre-existing diseases covered.
 Hospitals cannot deny treatment.
- Cashless and paperless access to quality health care services.
- Hospitals will not be allowed to charge any additional money from beneficiaries for the treatment.
- Eligible beneificiares can avail services across India, offering benefit of national portability. Can reach out for information, assistance, complaints and grievances to a 24X7 helpline number - 14555

PM launches Ayushman Bharat PMJAY at Ranchi

The Prime Minister, Shri Narendra Modi, launched the health assurance scheme: Ayushman Bharat - Pradhan Mantri Jan Arogya Yojana - on September 23, 2018 at Ranchi, Jharkhand. The Prime Minister visited an exhibition on the scheme, before arriving on the dais to launch PMJAY at a huge public gathering. The Prime Minister also inaugurated 10 Health and Wellness Centres. Speaking on the occasion, the Prime Minister said that this launch has been done with a vision to provide the poorest of the poor, and the underprivileged sections of society, with better healthcare and treatment. He said this scheme, which envisions health assurance of 5 lakh rupees per family per year, will benefit over 50 crore people, and is the world's biggest health assurance scheme. He said the number of beneficiaries of this scheme is roughly equal to the population of the European Union, or the population of America, Canada and Mexico, taken together. He said the first part of Ayushman Bharat - the health and wellness centres, was launched on Babasaheb Ambedkar's birth anniversary, and the second

part - the health assurance scheme, is being launched two days before Deendayal Upadhyay's birth anniversary. Explaining comprehensive the PMJAY is, the Prime Minister said it would cover 1300 illnesses, including serious illnesses such as cancer and heart disease. He said private hospitals too would be part of this scheme. The Prime Minister said that the amount of 5 lakhs would cover all investigations, medicine, pre-hospitalization expenses etc. He said it would also cover pre-existing illnesses. He said that people can learn more about the scheme by dialling 14555, or through their Common Service Centre. The Prime Minister said that for the States that are a part of PMJAY, people can get the benefit of the scheme in whichever of these States they go to. He said more than 13,000 hospitals across the country have joined the scheme so far. The Prime Minister also spoke of the 10 health and wellness centres inaugurated today. He said the number of such centres across the country has reached 2300. He said the aim is to have 1.5 lakh such centres in India within four years. The Prime Minister said that the Union Government is working with a holistic approach to improve the health sector in the country. He said the focus is on both "Affordable Healthcare" and "Preventive Healthcare." The Prime Minister expressed confidence that through the efforts of all those involved with PMJAY, and the dedication of the doctors, nurses, healthcare providers, ASHAs, ANMs etc, the scheme would become a success. -PIB

Universal Health Coverage (UHC) and Sustainable Development Goals (SDG).

- Ensure improved access and affordability, of quality secondary and tertiary care services through a combination of public hospitals and well measured strategic purchasing of services in health care deficit areas, from private care providers, especially the notfor profit providers.
- Significantly reduce out of pocket expenditure for hospitalization. Mitigate financial risk arising out of catastrophic health episodes and consequent impoverishment for poor and vulnerable families.
- Acting as a steward, align the growth of private sector with

public health goals.

- Enhanced use of evidence based health care and cost control for improved health outcomes.
- Strengthen public health care systems through infusion of insurance revenues.
- Enable creation of new health infrastructure in rural, remote and under-served areas.
- Increase health expenditure by Government as a percentage of GDP
- Enhanced patient satisfaction. Improved health outcomes.
- Improvement in population-level productivity and efficiency
- Improved quality of life for the population

Indian Customs has initiated various reforms for Ease of Doing Business.

- · Mandatory filing of Bill of Entry within specified time has resulted in discipline among the trade and reduced release time in case of imports.
- An online paperless processing of application, E-SANCHIT, allowing traders to submit all supporting documents for clearance of consignments electronically, has been introduced.
- Enhanced facilitation through Risk Management System has resulted in lesser time taken for clearances.
- Authorised Economic Operator (AEO) scheme provides faster Customs clearance and simplified Customs procedures to business entities. More than 1405 entities (as on 31.08.2018) are already getting benefits under it.
- Direct Port Delivery (DPD) allows registered importers to complete Customs clearances at the terminal itself and containers can be taken directly to factories without going to CFS.
- Direct Port Entry (DPE) allows direct entry of export cargo into port terminal without any need for going to CFS.
- E-sealing of containers has been introduced replacing earlier practice of supervised sealing by department officers. It has enhanced the integrity of cargo as RFID tamper-proof e-seals are being used to seal containers now.

The overall impact of above reforms in terms of time and cost associated with imports and exports can be judged from the data of Time Release Study (TRS) 2018 conducted at JNCH, Mumbai, as under:

- The percentage of cases of filing of Advance Bills of Entry has increased to more than 58%.
- The average release time for imports has improved to 144.18 hours in 2018.
- The average release time for DPD facilitated Bills of Entry is 84.48 hours.
- In case of Bills of Entry for auto-components falling under Customs Tariff Heading 8708, the average release time is 91.52 hours.
- The net average export release time, arrived at by excluding the domestic transport time from the gross average export release time, is 84.1 hours.

Importers and Exporters can track their documents and containers on the ICEGATE website.

- The location of containers can be traced using facility "Track your Container" on www.icegate.gov.in for cargo moving to Nhava Sheva, Hazira and Mundra Ports only.
- The current status of Bill of Entry or Shipping Bill can be traced by logging into the ICEGATE website.
- Electronic tracking of Nepal-bound cargo has already been launched by Customs.

CAREERS IN ...

Continued from page 1

find out the cause, time and manner of injury or death comes under this branch.

Forensic Veterinary Science-Conducting autopsies of animals, investigating unwarranted deaths of animals are major activities under this branch.

Forensic Toxicology- This mainly deals with investigating nature and uses of chemicals, poison etc. in crimes and also examining adverse effects of chemicals on human beings and other living organisms.

Wildlife Forensics-: As the name suggests this branch is associated with animals and wildlife. In many cases animal skins, elephant tusks fetch a high price due to which criminals are involved in killing animals and also in smuggling of animal skins, tusks etc. Wildlife forensics helps in investigation of time and situations of crime, to help nab the criminals and to curb illegal trafficking of protected animals.

Forensic Odontology-Forensic Odontology is meant to understand dental structures to explain injuries and death associated with crimes in which assault has occurred on face, teeth etc. resulting in injury or death.

Forensic Speech Science:
This deals with voice recording and analysing voice samples using technological tools with the purpose of identifying the speaker. Voice recordings are considered as evidence in the court of law and may prove to be of crucial help in exploring evidences of crimes.

Study of Forensic Science

As an independent subject, study of Forensic Science is offered at graduation level. A number of institutes, both

universities and colleges, in the country, run a B.Sc. course Forensic Science. A postgraduate qualification is more desirable to become a professional in the area and for better career prospects. For a B.Sc. course in Forensic Science one should have studied science at 10+2 level. For a Masters degree in forensic science all science graduates are eligible. Few universities conduct their own entrance test for entry to postgraduate courses. Others offer admission on the basis of marks obtained in graduation.

Those with a degree in medicine (MBBS) may also pursue certain specializations in Forensic Science.

Institutes offering courses in Forensic Science and allied subjects

Considering the importance of curbing crimes and bringing criminals to book, Government of India has established Loknayak Jayprakash Narayan National (LNJN) Institute of Criminology and Forensic Science at New Delhi. The institute in affiliation with Guru Gobind Singh Indraprasth University runs postgraduate courses as MA in Criminology and MA in Forensic Science. For the first course graduates from all disciplines are eligible. The other course is open to science graduates only.

The Institute has come out with another scheme of conducting a Forensic Science Aptitude and Calibre Test. Persons having Postgraduate qualification in specified disciplines of science are considered eligible to write the test. This is described to be a screening test on the pattern of UGC-NET/GATE etc.

Gujarat Forensic Science University (GFSU) at Ahmedabad is another premium institute in the area of forensic

science and related subjects. Some of its courses are-

GFSU also has a number of online e courses viz. Certified Fraud Examination Professional, Certified Electronic Evidence Examiner, Certificate Diploma Computer in Forensics. Information security related e course are titled as Certified Information Security Professional, Indian Banks Association (IBA)/ Reserve Bank of India (RBI) Approved Certified Information Security Professional Course Certificate Diploma in Cyber Security. The university has doctoral and fellowship courses as well.

Raksha Shakti University at Ahmedabad was established by Government of Gujarat and offers M.Sc. and M.Phil. courses in Forensic Science, Postgraduate Diploma in Cyber Security & Cyber Forensics.

Institute of Forensic Science at Mumbai has B.Sc. and M.Sc. courses in Forensic Science with two Postgraduate Diploma courses;one in Forensic Science and Related Law and the other in Cyber and Digital Forensics and Related Law. Government Institute of Forensic Science at Aurangabad has similar courses. Panjab University has an Institute of Forensic Science Criminology and offering M.Sc. Course in Science Forensic Criminology. Besides a large number of universities in the country have postgraduate courses in forensic science. Few of these are listed below-

Bundelkhand University Jhansi Osmania University, Hyderabad

Guru Gobind Singh Indraprasth University, Delhi Banaras Hindu University, Varanasi

Maharshi Dayanand University, Rohtak

Dr Hari Singh Gour University, Sagar

Guru Ghasidas Vishvavidyalay, Bilaspur Karnatak University, Dharwad Kurukshetra University, Kurukshetra, Haryana Mumbai University

Babasaheb Bhimrao Ambedkar University, Lucknow Gujarat University, Ahmedabad Work opportunities

As a forensic scientist you have work opportunities both in government and private sector. Also the opportunities may depend on the area of your specialisation in forensic science. Broad areas of work include ascertaining authenticity of documents, crime investigations, terror attack investigations, mass disaster management, cyber crime environment investigation, protection, consumer protection, protection of human intellectual property rights,

Central and state Governments have established a number of forensic laboratories at different centres. Central Bureau of Investigation has its own forensic lab. Forensic scientists are required in all such labs.

Those having interest in academic life may choose to teach at graduate and post-graduate level. Forensic Science offers ample opportunities of research.

If you are inclined to join police forces, a qualification in forensic science may be of help in the long run. Other law enforcement agencies also require services of forensic scientists. A number of private detective agencies are operating in big and metro-

politan cities. These agencies rely on the services of forensic scientists which can be on full or part time basis. Big hospitals, law firms may also have job opportunities.

You may also work on your own in one or more identified areas of forensic science. Handwriting analysis can be one such area.

The world is moving towards digital and large number of financial transactions happening online and electronically. With this there is spurt in cyber crimes. Experts of cyber forensics are needed to solve these cases. So this is an emerging area of career opportunities. Other branches of forensic science see regular demand professionals. Recently Indian Banks Association and Reserve Bank of India had advertised substantial number of vacancies for forensic auditors

Suitability for career in forensic science

A career in forensic science is more suitable for people who can concentrate on a task for long, are adventurous and have a lot of patience. Also an outgoing nature, ability to work in a team, an eye for detail and strong analytical skills will be of much help. If you choose a career in forensic science you should try to develop these traits to do well.

NEHRU YUVA KENDRA SANGATHAN A Grassroot Youth Organisation

Nations and society grow, flourish, exist and sustain in their youth population. Therefore, it is from ages that youth are considered as the major and vibrant human resource of the society and nation. They are also considered as change agents.

The Indian youth had always played a significant role in furtherance of the society. The vouth of India had been in the forefront during multiple social transformations and also during independence struggle. In the contemporary times India is a country teeming in youth, with 70 % of people below the age of 40 years. Major component of India's Gross National Income is being contributed by the youth. In view of large youth population there is a dire need to further develop this percentage. In fact, youth today, is a major resource for not only development of financial prosperity of the nation but also social change and transformation towards a better tomorrow.

Being a vast populated and youth dominant country our youth population will have a global context and impact in the years to come. Hence, the youth population has a right to receive the composite knowledge, values and core competencies which shall make them better human beings for serving self and humanity.

The national youth policy 2014 has defined the age group for the youth as 15-29 years with a view to have a more focused approach as far as various policy interventions are concerned. Nehru Yuva Kendra Sangathan, an autonomous organization under the Ministry of Youth Affairs & Sports is one of the largest grassroot level youth organizations in the world that is working for the development of youth in India.

Nehru Yuva Kendra Sangathan

Nehru Yuva Kendras were established in the year 1972 with the objective of providing rural youth, avenues to take part in the process of nation building well providing as opportunities for the development of their personality and skills. In the year 1987-88, Nehru Yuva Kendra Sangathan was set up as an autonomous organization under Government of India to oversee working of these kendras. Being one of the largest grassroot level vouth organizations in the world, Nehru Yuva Kendra Sangathan channelizes the power of youth on the principles of voluntarism, self-help and community participation.

The organization has targeted to identify areas of harnessing youth power for development by forming youth clubs which are village level voluntary action

The Minister of State for Youth Affairs and Sports (I/C) and Information & Broadcasting (I/C), Col. Rajyavardhan Singh Rathore presenting the awards, at the Closing Ceremony of the 22nd National Youth Festival, at Gautam Buddha University, in Greater Noida, Uttar Pradesh on January 16, 2018.

groups of youth at the grassroot level to involve them in nation building activities.

The core strength of NYKS lies in its network of youth clubs. Youth Clubs are village based organizations working for community development and youth empowerment. The basic objective for creation of youth clubs is to render community support through developmental initiatives involving activities with particular focus on youth empowerment. The implementation of programmes and activities of youth clubs is based needs local and requirements by mobilizing resources from various government departments and other agencies, which include both national, state level and multilateral institutions. The youth clubs and its member volunteers form the base of the vast national rural network of Nehru Yuva Kendra Sangathan.

The area of focus of the NYKS activities include literacy and education, health and family welfare, sanitation and cleanliness, environment conservation, awareness on social issues, women empowerment, Rural development, skill development and self employment, entrepreneurship development, civic education and disaster relief and rehabilitation amongst

The objectives of NYKS are two fold :-

- To involve the rural youth in nation building activities.
- To develop such skills and values in them with which they become responsible and productive citizens of a modern, secular and technological nation.

Administrative Setup

NYKS, an autonomous organisation under the Department, is a society registered under the Societies Registration Act, 1860. NYKS has a Board of Governors (BoG). The Board of Governors is chaired by the Minister incharge of Youth Affairs and Sports, with the Director General, NYKS acting as the

Member-Secretary. The Board of Governors has official as well as non-officials members from relevant fields. The Director General, NYKS acts as the Chief Executive Officer (CEO) of the Organisation.

The activities of NYKS are carried out through a District Youth Coordinator in each District (who is in-charge of the Nehru Yuva Kendra in the District) and 2 National Youth Corps (NYC) volunteers in each Block. There are 623 district offices of NYKS. To administer and monitor the functioning of district level NYKs, NYKS has 29 State Offices covering all States and UTs and its National Headquarter is at New Delhi. In addition to the above, there are Advisory Committees at District and State levels, comprising of official and non-official members, to advise NYKS in carrying out their activities in a desired manner. The Advisory Committee at the District is headed by the District Collector or the Dy. Commissioner of the District and the Advisory Committee at the State level is headed by the State Minister incharge of Youth Affairs.
