n 2019, several initiatives were taken by Ministry of Skill Development and Entrepreneurship, with emphasis on convergence, increased scale, meeting aspiration and improved quality. The Ministry’s vision statement has been “To create an ecosystem of empowerment by skilling on a large scale at speed with high standards and to promote a culture of innovation based entrepreneurship which can generate wealth and employment so as to ensure sustainable livelihoods for all citizens in the country.”

The Ministry has strived towards this vision, by putting special emphasis in 2019 on Convergence, Increased Scale, Meeting Aspiration and Improved Quality.

Convergence
National Skill Development Mission (NSDM): Ministry of Skill Development & Entrepreneurship (MSDE) formed in 2014 to give a fillip and focus to the skill development and entrepreneurship efforts in the country. Because of the efforts under NSDM, more than one crore youth are being imparted skills training annually under various programs of the Central Government.

Skill India Portal: A strong IT Platform, namely Skill India portal launched to facilitate convergence of skill development related data of various central ministries, state governments, private training providers and corporates on a single platform. This will now enable data-driven decision making by the policymakers and help remove information asymmetry in the skilling ecosystem. This will also be single touch point for the citizens of India to access skill development opportunities and seeking related services.

Increased Scale
Industrial Training Centres (ITIs): Expanded and modernized the existing long-term training eco-system in India. The total number of Industrial Training Centres (ITIs) increased by 12% from 11964 in 2014 to 14939 in 2018-19. The trainee enrolment has increased by 37%

from 16.90 Lakh to 23.08 Lakh during the period.

Pradhan Mantri Kaushal Vikas Yojana (PMKVY): Under the program about 87 Lakh youth have been trained till date. Under the placement linked program under PMKVY 2016-19, more than 54% have been linked to employment.

Pradhan Mantri Kaushal Kendra (PMKK): Out of the 812 allocated PMKKS, 681 centres had been established. The centres have been allotted a target to train over 18 lakh candidates under PMKVY scheme, out of which training has been imparted to 9,89,936 candidates, 8,85,822 assessed, 7,40,146 certified and 4,35,022 candidates have been placed successfully.

Recognition of Prior Learning: RPL program, under PMKVY 2016-19, was launched to recognize the prior skills acquired by individuals. Till date, more than 26 lakh people have been oriented under the RPL program of Pradhan Mantri Kaushal Vikas Yojana (PMKVY). Under the Best in Class Employer category of RPL, more than 11 lakh employees have been oriented into formal skilling with the assistance of companies.

RPL in Supreme Court: Under Recognition of Prior Learning Program (RPL) Training in Supreme Court, Tata Strive and Maruti Suzuki have completed training.

CAREERS GALORE IN INFORMATION TECHNOLOGY

Vijay Prakash Srivastava
India has different identities. It is the second most populated country in the world. It is also a melting pot of culture and diversity. But in the contemporary business world its identity has emerged as an IT superpower.

When the world started grappling with Y2K problem, IT engineers and companies from India came forward to make significant contribution in finding solutions. It was a moment of reckoning, showcased the expertise of our IT people and provided an opportunity to entrepreneurs in our country to venture into IT domain and prove their potential.

Today, Indian IT companies have more than 1000 delivery centers all across the world in nearly 80 countries with diversification in banking, financial and insurance services, telecommunication and retail etc. IT and IT enabled services (ITeS) in India has the advantage of having one fifth to one sixth cost when compared to developed countries like US, Australia etc. As per India Brand Equity Foundation website our country’s IT and ITeS grew to US$181 billion in 2018-19. Exports from the industry increased to US$137 billion in the financial year 2018-19 while domestic revenues climbed to US$37 billion. IT is powering Digital India.

According to a report released a few months ago IT and banking created maximum number of jobs in the country in the recent past. Campus placements by IT companies this year present an optimistic picture about career opportunities in the field.

Over the years information technology has evolved and expanded with few parallels. It has different departments or domains of which some are described as following.

Programming: Computer programmers have always been in demand and will remain so. They are engaged in writing, testing and maintaining the programmes or software. They also conceive, design and test logical structures for deploying computers in problem solving.

Application programmers write software to deal with a specific job or function. They may also be required to work on existing software packages for improving their usability and efficiency etc.

Systems programmers work on operating systems and may be given the responsibility of their maintenance and control.

There are various programming languages to be learnt by programmers.

Web design: We are now used to surfing various internet sites for knowledge, information and entertainment. A lot of hard work and creativity goes behind these websites. Web designers use their skills to integrate text, pictures and images to create an

one batch of cooks and drivers respectively of the Supreme Court. Training was spread over two days in which safety aspects, personal grooming, soft skills and few technical aspects were covered.

MoU with India Post Payments Bank: BFSI (Banking, Financial Services & Insurance) Sector Skill Council under MSDE has entered into an MoU with India Post Payments Bank to cover up to 1.70 lakh Gramin Dak Sankalp over RPL Best in Class Employers. As on date, a total of 9,046 candidates have been certified under the same.

Centre Accreditation: Significant creation of short-term standardized skillling capacity through centre accreditation program for Skill India Mission centers have been accredited and affiliated till date which has an annual training capacity of about 50 lakh per annum.

Skill Development in Jammu & Kashmir: A meeting was held between officials of MSDE, Govt. of J&K, and the State Skill Development Mission to discuss ways to ensure 100% coverage of all the eligible beneficiaries from J&K and the steps to be undertaken thereby for this. Officials from various organizations including NSDC, DJSJ and various Sector Skill Councils (SSCs) were also present in the meeting. To promote long term skillling, NIST Jammu has been made operational for candidates being trained to impart NSQF LEVEL-6 training.

Skill Development in Leh: For better outreach of the skill training to all parts of the country, a NIST extension centre has been opened in Leh. Ministry is taking all possible steps to create a precision trained workforce in the north.

SANKALP (Skills Acquisition and Knowledge Awareness for Livelihood Promotion): A regional workshop on SANKALP was held in Kohima, Nagaland on 3-4th September, 2019. Six States namely Nagaland, Madhya Pradesh, Karnataka, Jharkhand, Arunachal Pradesh and Sikkim participated in the workshop. Workshops with district officials and trainers were also held alongside the regional workshop. Apart from that, a workshop was also held in Delhi and Maharashtra under SANKALP. Further, a delegation visit to Seoul, Korea was undertaken which was organized by the World Bank and video conferences were held with States/ UTs for reviewing the status of State Incentive Grant (SIG) and finalization and submission of State proposal under SANKALP.

STRIVE: The main focus of the scheme is to improve the performance of Industrial Training Institutes (ITIs). In the first phase, 314 ITIs have been selected and 198 Performance Based Grant Agreements have been signed. The scheme also works towards increasing capacities of state governments to support ITIs and Apprenticeship training. Till date, 31 States have signed MoUs with the Ministry of Skill Development and Entrepreneurship for skill development. 40 states have signed MoUs with the Ministry of Skill Development and Entrepreneurship. World Bank and video conferences were held with States/ UTs for reviewing the status of State Incentive Grant (SIG) and submission of State proposal under STRIVE.

International Collaboration: Minister of Skill Development and Entrepreneurship met counterparts working in skill development across countries like Singapore, UAE, Japan, Canada, Australia to further build capacity for skilled workforce in the country, jointly work on transnational standards and bridge demand for skilled workforce. The government is talking with ITIs in Canada, Australia, Singapore and some universities in France and with them and supplying them with trained professionals.

PM-YUVA Jayantra (Pradhan Mantri Yuva Udyami Vikas Abhiyan) is implementing a pilot project in 300 institutes (200 Industrial Training Institutes (ITIs)/ National Skill Training Institutes (NSTIs), 50 Polytechnic Institutes and 50 Jan Shikshan Sansthan (JSS)), across 12 States and Union Territories (Delhi, Uttar Pradesh, Tamil Nadu, Punjab, Telangana, Kerala, West Bengal, Bihar, Assam, Meghalaya, Uttarakhand, Maharashtra). The project aims to promote entrepreneurship as an alternative career choice and enable sustained long-term mentoring support through the journey to potential and early stage entrepreneurs, by imparting entrepreneurship education and mentoring support to trainees/ beneficiaries from skilling ecosystem. The pilot project is expected to reach out to around 70,000 youth through entrepreneurship awareness and action session. The project is likely to create 600 new and 1000 scale-up enterprises by March, 2020. The approved budget for the pilot project is Rs. 12 crores.

Collaboration with Reliance Jio: To strengthen the industry connect, DGT and MSDE have collaborated with Reliance Jio to set up training labs at 6 NSTIs for their home connect division. A job meta was organized at 6 locations. i.e. NIST Chennai, Bengaluru, Mumbai, Hyderabad & Kolkata along with Govt, ITI Pusa New Delhi. 400 candidates have been selected for this training.

MoU with Cisco, Quest, Assurance & Accenture: Eligibility criteria and NSQF 6 has been set up under this partnership with the Directorate General of Training (DGT) of the Ministry of Skill Development and Entrepreneurship (MSDE) and Cisco, Quest Alliance & Accenture. Youth across India enrolled in industrial training institutes (ITIs) will be trained in digital literacy, career readiness, employability skills, and advanced technical skills like data analytics.

Meeting Aspirations

Kaushalyacharya Awards: To recognize and appreciate the good works done by trainers, Kaushalyacharya Awards 2019 ceremony was organized on 5th Sept 2019 to felicitate 53 trainers from different sectors for their exceptional contribution towards creating a future ready and skilled workforce. The award included a trophy, a certificate and prize money up to Rs 10 lakh. This is in line with promoting entrepreneurship amongst the youth so as to create more job givers than job seekers in the nation.

Skill Saathi Counseling Program: MSDE also launched the Skill Saathi program which was aimed to sensitize the youth of the country on various avenues under Skill India Mission and increase the aspiration for skill development. Close to 40 lakh students were provided counseling under the program.

Policy action to offer vocational courses: Under this, the MSDE initiated a drive to create a policy action on offering vocational courses in schools and equal weightage to vocational courses for admission in UG courses. The Draft Credit Framework for vertical and horizontal mobility from vocational to general and vice-versa has been developed. The framework is under finalization in consultation with Ministry of Human Resource Development (MHRD).

500 skills hubs in government schools: MSDE has also finalized a plan for setting up 500 skill hubs and labs in government schools. Working closely with CBSE to develop “Hubs of Excellence in Skills” for school children, a project is under implementation. The draft credit framework for vertical and horizontal mobility from vocational to general and vice-versa has been developed. The framework is under finalization in consultation with Ministry of Human Resource Development (MHRD).

Reforms to Apprenticeship Act of 1961: The ministry introduced a wide range of reforms to the Apprenticeship Act of 1961, to make it significantly easier for industry to take on much needed apprentices. The comprehensive reforms under Apprenticeship rules 1962 include:

- Increasing upper limit for engaging apprentices from 10% to 15%;
- Decreasing the size limit of an establishment with mandatory obligation to engage apprentices from 40 to 30;
- Payment of stipend for 1st year has been fixed rather than being fixed for remaining years;
- 10% to 15% hike in stipend for 2nd and 3rd year to apprentice;
- Duration of apprenticeship training for optional trade can be from 6 months to 36 months.

Dual System of Training: The MSDE is also scaling up the iTIs Dual System Training (DST) scheme to at least 1000 iTIs. The DST is a model of training inspired by the German method and provides industry exposure through industry led trainings to students of the various iTIs. In the first 100 days, 40 National Skill Training Institutes (NSTIs) have signed partnership agreements and as many as 739 MoUs have been signed. The duration of the practical training portion of the course has also been made flexible and adaptive to the industry schedule. All the 138 plus courses under CTS have been bronzed under the ambit of DST, as against only 17 courses earlier. iTIs are exclusively permitted to conduct training under DST with deemed affiliation in the 3rd shift.

New Age Skills: In a bid to keep up with the times, MSDE has also launched new age courses in 12 NSTIs. These include Internet of Things - Smart Healthcare; Internet of Things - Smart Cities; 3D printing; Drone pilots; Solar Technologies and Geo Informatics among many others.

Formation of District Skill Committees: in order to get to the grassroots of the country with its various reforms and empower every citizen, the ministry has

interface which is attractive and user friendly. Websites have to be developed as per client's requirements and updated as the need be. Web designers may also have to provide on line support in respect of the accessibility, navigation and display with regard to the web pages.

Data base specialists: Computers work with data. Data base specialists design, install and maintain computer databases. Their job may include providing professional support for existing databases, customising these as per specific needs, ensuring smooth installation of new databases, programming databases for a variety of applications and providing training for use of databases.

Data base management/administration: Organizations using IT processes use/generate huge amount of data. This data has to be accurate and available as and when needed. Data base managers/administrators ensure this. This particular function requires database planning, requirement gathering, conceptual, logical and transaction design, physical design and implementation. Conversion of database in a particular format or migrating it from one place to other may also be needed at times.

Information security: The field of information security is besieged with various risks which are growing day by day. Information security is meant to minimise these risks. Experts from this domain have to develop a secure IT structure which can't be breached by scruipulous persons. Information security deals with creating firewalls , encryption, combating data breaches/instances of phishing/vishing etc.

Game Development: As the term suggests game developers design and produce virtual games that can be played on screen. These games are more popular amongst children and teenagers. There are games to be played off line and on line (connected to internet).Both programming and designing skills are required in game development. The job involves long ours of work and patience and gives you an opportunity to create something which is enjoyed by millions of people all over the world.

Systems Analyst: Systems Analysts are also referred as systems developers and system analysts. Their job involves enabling computer technology to meet individual needs of an organization.They plan and develop new computer systems and devise ways to apply existing system's resources to new or additional operations. They also prepare work diagrams and structure charts for programmers to follow.

Software testing: Before a software is made open to use it has to be ensured that all the parameters are met and there is sustainability and smoothness in its functioning. For this a specialised discipline has been developed. Software testers make rigorous checks of the software development and give critical inputs with regard to their functionality. These inputs have to be considered in all seriousness to ensure authenticity and credibility of the software as well as its developer.

Networking: Things like anywhere banking and reservation in any train at any station have been possible because of an integrated system in which computers at different places are networked with each other. If computers in a particular limited area (office/school etc.) are networked then it's a local area network (LAN) and if it's beyond cities and towns then it's a wide area network (WAN). A network specialist attends to installation of required hardware and software that comprises the network, their accessibility to network server and troubleshoothing. It is not limited to just above areas. There are a lot more. In many cases IT people are equipped to work in more than one domain. IT may be considered as specialization but there are super and narrow specializations as well.

Emerging areas in IT: In addition to the above the who like to work in IT, have opportunities to engage in emerging areas like Cloud computing, Internet of Things (IoT),Artificiais Intelligence, Data Analytics, Blockchain Technology etc.; some of which have been covered in Employment News before.

Who recruits IT professionals?

Tata Consultancy Services, Infosys Technologies, WIPRO, Capgemini, HCL, Cognizant, Accenture, L&T Infotech, Tech Mahindra, Mphasis are amongst biggest IT companies in India and in many countries. In many cases these companies go for campus selection for bulk of their manpower requirements. On their website many of them have kept a window of career opportunities and applications can be submitted through this link. There are also medium and small size players in this segment who need people of different IT fields. Big IT companies also have an outsourcing model wherein they take the services of other companies. In such cases employment may be offered in third party roles.

Entry bars are considered to be higher for global companies such as Google, Facebook, etc.

Emerging areas in IT: Companies have expanded in the country like anything. Their entire system including ordering , delivery management is IT enabled and thus they need IT people in large numbers. Call centres also offer work opportunities.

Telecommunication comp-ancies, computer hardware manufacturers, mobile handset manufacturers need IT people in different roles.

Several state (including union territories) government departments have vacancies of IT people. Public sector oil, engineering and gas companies, private companies in these sectors and in consumer durables, universities, big hotels/hospitals need IT professionals.

If you're research oriented along with ITIs/IITs and other engineering institutions; organizations like Centre for Development of Advanced Computing (C-DAC), Institute for Development and Research in Banking Technology (IDRBT) can be considered. IT giants like Microsoft, IBM also provide research opportunities.

IT offers all low, middle and high end work opportunities. As IT has many streams, be clear about your choices. And finally you shouldn't join IT and bangwagon just for the opportunities IT offers. Make sure you have a matchless skill set for it.

Entry routes: Both high end ground level work opportunities are available in various fields of information technology. Even with a diploma course, IT jobs can be found. Depending upon individual situation which may cover aptitude for a particular field, urgency of having a job, financial capacity, people may decide their strategy. You'll find below various entry routes available for an IT career enthusiast.

If IT careers are being discussed, there has to be a mention of DOECC, established by Government of India. DOECC grants accreditation to computer training institutes in non-formal sector, subject to their meeting defined norms and criteria to conduct specified level courses, ranging from ‘O’ level to ‘C’ level, as per description below:

- **‘O’ level - Equivalent to Foundation Level Course**
- **‘A’ level - Equivalent to Advanced Diploma in Computer Applications**
- **‘B’ level - Equivalent to Diploma in Computer Science**
- **‘C’ level - Equivalent to M.Tech. in Computer Science**

formed District Skill Committees (DSC) in all Districts as part of its Aspirational Skilling Abhiyaan under the Sankalp plan, which is funded by World Bank. The MSDE is handholding these District Skill Committees through the Directorate General of Training (DGT) to further identify skill gap at a local level and then strengthen the ecosystem for local market driven skill development opportunities.

Mahatma Gandhi National Fellowship (MGNF): MSDE has also constituted the Mahatma Gandhi National Fellowship (MGNF) for 75 districts across 6 states. Under these 75 young professionals shall be selected and will be deputed in identified 75 districts for supporting the district officials in district level planning, monitoring of activities related to skilling management of data/information, coordination among different stakeholders in districts’ assistance to District Skill Development Committee.

Indian Skill Development Services (ISDS): To ensure that the skilling of the country’s youth gets the importance that it deserves, the government has carved out an altogether new administrative service much like the Indian Revenue Service or the Post and Telegraph Service. The Indian Skill Development Services (ISDS) has been created through a notification by the MSDE. This service has been created for the Training Directorate of the Ministry of Skill Development and Entrepreneurship.

ISDS will be a Group ‘A’ service where induction will take place through Indian Engineering Service Examination, conducted by UPSC.

Community mentors called Business Sakhis:

Based on the learnings from various schemes and programmes introduced for women’s entrepreneurship promotion, in 2018, NIESBUD in association with UNDP, NIRDPR and TISS jointly developed a new concept and system that is providing mentorship support services of both psycho-social and business supports through a cadre of community mentors called Business Sakhis (Biz-Sakhis). The curriculum was released on 9th Nov, 2019 on the occasion of NEA ceremony. These mentors will provide backward (with financial institutions for example) and forward (with more lucrative business ideas and market) linkages. Moreover, the mentor will provide the aspiring entrepreneur with the much-needed psychological support that a woman will need to face all the obstacles that prevent her from starting or sustaining her own business. They act as community-based business consultants for enterprise development.

Train the trainer (TOT) programme:
The curriculum for five-day TOT programmes for the faculty of ITI was developed and the Trainers Training programmes on employability, entrepreneurship and life skills are designed and organized for 4068 trainers of PMKVY at pan-India level. The institute has organized the Entrepreneur-ship Development programmes for the most-needy skilled unemployed youth from OBC/SC/ST/Minority, SC/ST/Women and other weaker sections.

MIS portal for Jan Shikshan Sansthan: An MIS portal was launched for Jan Shikshan Sansthan (JSS). The benefits from the adoption and implementation of the solution have been enhanced monitoring & management capabilities, along with scaling up scheme operation. The ministry now plans to create a JSS setup in every district in the country.

eSkill India platform:

In a technology driven environment, e-learning is pivotal in deepening the reach of skilling opportunities for the Indian youth. NSDC created an e-Skill India, a multilingual e-learning aggregator portal, providing e-skilling opportunities to the Indian youth. eSkill India leverages the skilling opportunities from Indian and global leaders in online learning, by consolidating online courses curated by leading knowledge organizations that share NSDC’s commitment of making India a Skill Capital of the World. eSkill India provides anywhere, anytime skilling -beyond the boundaries of location and time. Today, eSkill India has on boarded organizations such as TCS, BetterU, IBM, SAS, BSE, Apollo Medivisity, Enguru, Amrita Technologies, iPrimed, Wadhwani Foundation, English Edge, Fair and Lovely, AI4MB, etc. offering high-quality courses in diverse sectors such as Agriculture, Healthcare, Telecom, Employability, Management, Retail, Pharma, Banking and Finance, Data Science, Artificial Intelligence, etc. which enable a one stop shop to the skill seekers via a single learning platform. The courses are available in English, Hindi and 9 regional languages.

The Ministry of Skill Development and Entrepreneurship is responsible for co-ordination of all skill development efforts across the country, removal of disconnect between demand and supply of skilled manpower, building the vocational and technical training framework, skill up-gradation, building of new skills, and innovative thinking not only for existing jobs but also jobs that are to be created.

The ministry aims to skill on a large scale with speed and high standards in order to achieve its vision of a ‘Skilled India.’

**NATIONAL**

- Human Resource Development Ministry has launched five documents developed by University Grants Commission, UGC covering the 5 verticals of Quality Mandate- Mulya Pravah, Guru Dakshita, SATAT, CARE, and Evaluation Reforms. These five documents cover evaluation reforms, eco-friendly and sustainable university campuses, human values and professional ethics, faculty induction and academic research integrity. The quality mandate aims at evolving higher education system to equip country’s next-generation with vital skills, knowledge and ethics for leading a rewarding life.

- Ministry of Women and Child Development has invited applications for Nari Shakti Puraskar for the year 2019. The National Award is given annually to individuals, groups, institutions in recognition of their exceptional work towards the cause of women empowerment, especially for vulnerable and marginalized women. Nearly 40 Nari Shakti Puraskar will be given on International Women’s Day observed on 8th March 2020. Details of eligibility criteria and guidelines are available on the portal - www.narishatkipuraskar.wcd.gov.in. The last date for submission of applications is 7th of January.

- Renowned Hindi author Ganga Prasad Vimal was Pat Cummins, with a base price of two crore rupees found its way to the hybrid instruments, shows the capital market has seen a net inflow of nearly 27,000 crore rupees by FPIs, while a further amount of 9,000 crore rupees is the highest in last six years. As the year draws to a close, the debt market has seen very few defaults, a trend that prevailed throughout the year. The overall corporate and infrastructure sectors have led the rally in the debt market. Never before have so many stressed loans been resolved, and most importantly, the market has also seen the return of the yield curve. The yield curve had been inverted for a significant period of time throughout the year, indicating a strong expectation of a liquidity tightness.

- The IG-27, which proved to be an ace attacker during the 1999 Kargil War roared through the skies for one last time on 27 December 2019 after serving the Indian Air Force for over three decades. The swing-wing fighter was the backbone of ground-attack fleet of the Air Force for several decades and the IAF bid adieu to its squadron of seven aircraft from Jodhpur Air Base. Defence Ministry said, the upgraded variant of this last swing-wing fleet has been the pride of IAF strike fleet since 2006. All other variants, such as MiG-23 BN and MiG-23 MF and the pure MiG-27 have already retired from IAF. It said, the fleet earned its glory in the historic Kargil conflict when it delivered rockets and bombs with accuracy on enemy positions and also killed a number of enemy soldiers.

**ECONOMY**

- In spite of a decline in the GDP growth rate, Foreign Portfolio Investors (FPIs) seem to have flocked to the Indian capital market in a big way in 2019 with a net inflow of over 1.3 lakh crore rupees, including 97,250 crore rupees in equities, the highest in last six years. As the year draws to a close, the debt market has seen a net inflow of nearly 27,000 crore rupees by FPIs, while a further amount of 9,000 crore rupees found its way to the hybrid instruments, shows the capital market data compiled by depositories. Experts believe the positive trend may continue in 2020 as well, but downside risks might arise in the form of the US-China trade war and any further deterioration in the domestic credit market conditions.

- Asian Development Bank, ADB and Government of India have signed a 490 million dollars loan for public-private partnership, PPP project to upgrade about one-third six-kilometre kilometres of state highways and major district roads from single-lane to two-lane widths in Madhya Pradesh. An additional 286 million dollars investment will be mobilised through private sector participation under the PPP modality. The state highways and major district roads provide a crucial link between rural roads and national highways and up-gradation of these roads under the project will improve rural and peri-urban connectivity in the states and improve access to markets and better services.

**INTERNATIONAL**

- Saudi Arabia and Kuwait have ended a nearly five-year-long dispute over shared oil fields and have agreed to resume oil production from the divided Neutral Zone, but stressed this would not change their OPEC commitments to crude oil production cuts. Local media reported that about 300,000 barrels per day were being pumped from the area before the dispute halted production in early 2015. The divided zone, located between the two neighbouring countries’ land borders, can produce up to half-a-million barrels per day.

- Iraq’s parliament has approved a new election law aimed at giving political independents a better chance of winning seats in parliament. The new law changes each of the country’s 18 provinces into several electoral districts, with one legislator elected per 100,000 people. It also prevents parties from running on unified lists, which is in the past had helped them easily sweep all the seats in a specific province. Instead, seats will go to whoever gets the most votes in the electoral districts. Drafting a new election law has been a key demand for the hundreds of thousands of protesters who have taken to the streets in Baghdad and the predominantly Shiite south since October 1. They have already forced Prime Minister Adil Abdul-Mahdi to resign late last month. Iraq’s security forces have responded with lethal force, killing at least 400 people. Iraq’s 329-member parliament was elected in May 2018. The vote is held every four years, but the protesters have been demanding early elections.

- Global watchdog for terror financing, FATF has sought more clarifications and data from Pakistan on actions taken against madrassas belonging to proscribed outfits. This follows after Islamabad submitted a report to it detailing steps taken by the government to curb terrorism and money laundering. The Paris-based FATF, which kept Pakistan on its grey list for the past six years, in October 2019, had warned in October that Islamabad would be put on the Black List with India and North Korea, if it did not comply with the remaining 22 points in a list of 27 questions. Pakistan submitted a report comprising answers to 22 questions to the FATF on December 6. In response to the report, the FATF’s Joint Group has sent 150 questions to Pakistan, seeking some clarifications, and most importantly, actions taken against the madrassas belonging to the proscribed outfits.

**SPORTS**

- Indian weightlifter Rakhi Halder with creating two new national records clinched a bronze medal in the women’s 64kg weight category at the Qatar International Cup in Doha. The Commonwealth Championship gold medalist superseded the senior national record earning in both snatch and total lift with her personal best effort of 218kg 95kg in the snatch with 123 kg in clean and jerk. At the Commonwealth Championship in June, Halder had clinched the gold with a combined effort of 214kg including 94kg and 120kg in clean and jerk. India ended the Olympic qualifying silver level event with three medals. The points from this tournament will come in handy when the final rankings for 2020 for Tokyo Olympics are done. To qualify for Tokyo Games, a weightlifter must compete in at least one event in each of the three periods of six months spread over November 2018 to April 2020, at least six events overall and at least one gold and one silver-level event.

- Pat Cummins, with a base price of two crore rupees, became the most expensive overseas buy as he was sold to Kolkata Knight Riders (KKR) for a whopping 15.50 crore rupees. Glenn Maxwell was sold to Kings XI Punjab for 10.75 crore rupees while Aaron Finch was picked up by Royal Challengers Bangalore for 4.4 crore rupees in the Indian Premier League auction. Yusuf Pathan remained unsold while India’s Test specialist Cheteshwar Pujara also failed to find any bidders in Kolkata. England captain Eoin Morgan will be playing for KKR in the upcoming IPL season as he was bought by KKR for 5.25 crore rupees. Robin Uthappa, who was released by KKR, has been bought by Rajasthan Royals for 3 crore rupees. Dale Steyn, Adam Zampa and Colin De Grandhomme failed to attract any bidders at the auction while Piyush Chawla signed for 6.75 crore rupees by Chennai Super Kings.
