Dr. Ankur Garg

Whether it’s USA or UK, health comes in the list of priority issues of every country. In India, this task is even more gigantic, taking into account the scarcity of resources and large population to cater, but still the Government, has taken concrete steps to provide an efficient and meaningful health system to Indians. The Government has taken several initiatives in this field.

AYUSH MINISTRY
Ayush stands for Ayurveda, Yoga and Naturopathy, Unani, Siddha and Homoeopathy. This was started as the Department of Indian System of Medicine & Homoeopathy (ISM&H) in March 1995 under the Ministry of Health and Family Welfare to encourage the ancient Indian medicine systems in today’s world. In 2003, it was renamed to its present name AYUSH, under the Ministry of Health and Family Welfare to widen its scope and include Yoga and Naturopathy, Unani, Siddha along with Ayurveda and Homoeopathy.

In 2014, when the new cabinet was being formed, a new ministry was formed altogether as Ayush Ministry, to encourage alternate medicine systems in today’s world and decrease the dependency on modern allopathic medicine system or in other words changing the cure of disease approach to prevention of disease approach. This provides the people of India a chance to visit back the old and traditional systems of healthcare in India, which has a strong relevance even in today’s world.

AMRIT PHARMACY
In this project, on 15 November 2018 at AIIMS New Delhi, HLL Lifecare Ltd. (formerly Hindustan Latex Ltd) opened its 1st outlet AMRIT (Affordable Medicines and Reliable Implants for Treatment) to sell generic medicines to patients on highly subsidized rates, based on authentic prescriptions from doctors.

Over the last 3 years, 131 AMRIT outlets have been opened across 22 states in India, covering 29 central govt. institutions, 101 state govt. institutions and 1 standalone outlet. In last 3 years, AMRIT Stores have served a total of 65.07 lakh patients all over India. It has sold more than 5200 drugs, implants, surgical disposables and other consumables at average discounts up to 60% of MRP. They have sold medicines worth a total of 609.61 crores (MRP) at a

CAREER IN CYBER SECURITY

Santosh Koshy Joy

The two-letter word ‘Digital’ India is rightly construed as the ongoing revolution to ensure that public services are made available to every citizen electronically by making the country empowered with cutting-edge digital technology. Digital India necessarily includes three important components and they are, development of secure and stable digital infrastructure, delivering government services digitally, and a drive for universal digital literacy in the country.

One of the most perceivable windfall effects of the ongoing thrust on digitalisation in India is the sudden and considerable high demand for Cyber Security professionals. The demand is so high that government entities and private enterprises are ready to pay very high salaries and provide the best of incentives to the best suited candidates.

Digitalisation has engulfed our everyday lives and every aspect of our life is dependent on it with the digital technology influencing everyone’s life. However, some uncanny circumstances have also been using digital technology for unlawful and criminal activities. Importantly, it is not just an individual’s life that is under threat due to digital insecurity, the whole of society and even the nation stands the risk of loss and damage without a blanket of foolproof digital security in present times. Organisations are waking up to this reality and corporates are keeping apart a major chunk of their budget for digital security cover. Despite the organisational priority, constraints of efficient workforce is a major bottleneck in this endeavour.

The truth is that India is facing a scarcity of cyber security professionals at all levels. The insufficiency of professionals increases exponentially at the leadership level as presently in India there are only a handful of brains who have the experience and know-how to manage a group of cyber experts. Independent estimates put the increase in the salary levels of Cyber Security professionals to around 30 percent in last one year.

What is compelling companies to recruit?
• Government push asking enterprises to deal digitally has forced organisations to considerably increase their workforce.
• Demonetisation has made most financial transactions compulsorily go the digital way.
• Threats of hacking and cyberattacks are imminent and companies are taking no chances.
• Recruiting better trained Cyber Security brains saves a lot of time and resources for the enterprises.

• Cyber Security talent in India is rare and companies do not want to be late in recruiting them.

Privileges of a Cyber Security professional:
• Cyber Security team directly reports to the topmost leadership and are accountable towards the very identity of the firm.
• There is no limit to the annual compensation for a Cyber Security brain as companies cannot afford to compromise on their digital scrutiny.
• Flexible work timing and ease of operating remotely.
• Best minds are revered and merit is the key rather than any other considerations like seniority or organisational policy.
• Young people have priority and people ready for regular learning opportunities are part of the job profile.

With the passing of the ‘Quit India’ Resolution by the All-India Congress Committee session at Bombay on 8 August 1942, the die was cast and to protest. National Herald of Lucknow and Harjan were closed down for the duration of the movement. The first reactions to the arrest of the leaders were, however, "surprisingly quiet". The spontaneous hortauls throughout the country and meetings were held. Lawsuits and damages were taken out at some places but the demonstrations were peaceful and non-violent. The ruthless measures adopted by the Government, however, aggravated the situation. The closing of shops and restaurants were forbidden by the new Defence of India Rules. By another addition to the rules, the Police was kept a secret while it was made known that Gandhi and his party were confined at Aga Khan Palace, Poona. All Congress Committees were declared unlawful organisations, Covai, Lahore and Delhi. Allahabad sealed up and AICC Funds confiscated. Wholesale arrests of Congressmen began in every province. Ordinances and new Defence of India Rules were issued imposing official control over the publication of news and comments to such an extent that several newspapers disappeared or curtailed their publications. NATIONAL HEALTH PORTAL
In 2015, Govt. of India, launched the Ayushman Bharat scheme, under which the Digital India Mission was taken forward and a National Portal was started. The Portal aims to establish a single point access for authenticated health information to citizens, students, healthcare professionals and researchers. Users can get detailed information pertinent to health related issues. One can find information related to diseases, health services, tips for healthy living, health products and discounts, health insurance schemes, health apps and widgets. Users can also get helpline numbers, blood banks and other services.

Various online Services and apps like Online Registration System, Mera Aspatal and e-RaktKosh, were also launched across the globe of India. The purpose of these apps is to smoothen the way healthcare system works. Now a person can register himself/themselves on these platforms and book an appointment from his/her home without actually standing in long queue. One can also check about the availability of blood products in various blood banks without running from one hospital to other.

NEW HEALTH POLICY (NHP)
In January 2015 govt. formed the New Health Policy, 13 years after the National Health Policy 2002. National Health Policy is a declaration of the determination of the Government to leverage economic growth to achieve health outcomes and an explicit acknowledgement that better health contributes immensely to improved productivity as well as to economic growth.

MISSION INDERDHANSHU
This is a health mission of Govt. of India launched by GOI on 25 December 2014. The mission is designed to immunize all children under the age of 2 years, as well as all pregnant women, against seven preventable diseases. The diseases initially targeted were Diphtheria, Pertussis, Tetanus, Poliomyelitis, Tuberculosis, and Hepatitis A. In 2016, four new additions were made to this list namely Rubella, Japanese Encephalitis, Influenza A H1N1 Virus and Bivalent Rotavirus. In 2017 addition further was to include Pneumonia by adding Pneumococcal conjugate vaccine.

Also GOI is launching "Intensified Mission Inderdhanshu (IMI)" in select districts and urban areas of the country targeting more than 90% coverage.

NEW CENTRAL HOSPITALS AND UPGRADATION OF EXISTING ONES
Central Govt. is opening new institutes like AIIMS and promoting State Govt.’s own hospitals for the purpose of upgrade their treatment facilities as well as increasing the no. of undergraduate and post graduate seats to increase the workforce to health care providers in the country. In Phase IV of PMSSY (Pradhan Mantri Swastar Oraksha Yojana) 4 new AIIMS were announced in Mangalagiri, Nagpur, Gorakhpur and Kalyani. In phase V of PMSSY, PM AIIMS announced one each in Assam, Himachal Pradesh, Jammu & Kashmir, Punjab, Tamil Nadu, and Bihar. PM has announced setting up of total two AIIMS in capital cities of Jammu & Kashmir, a part of Prime Minister Development Package for Jammu and Kashmir (http://pmssy-mohfw.nic.in/listoffiles.aspx)

AYUSHMAN BHARAT NATIONAL HEALTH PROTECTION SCHEME (AB-NHPM)
In the General Budget 2018-19, Government of India announced its flagship programme of Ayushman Bharat. Ayushman Bharat is an attempt to make the world’s largest government funded health care programme. People have termed this even as "Medicine Man of India.

Ayushman Bharat - National Health Protection Scheme (AB-NHPM), will cover over 10.74 crore poor and vulnerable families (approximately 50 crore beneficiaries) providing coverage upto 5 lakh rupees per family per year for healthcare services including hospitalization. The vision behind this is to go for path breaking interventions to address health holistically, in primary, secondary and tertiary care systems, covering both prevention and health promotion.

BENEFITS TO MASSES
This will target poor, dependent rural and urban identified occupational category of urban workers families, persons after the latest Socio-Economic Caste Census(SECC) data covering both rural and urban. In this Scheme, there is no capping on family member count as it is an attempt to provide schemes like Rashtriya Swasthya Bima Yojana (RSBY) which provides cashless health insurance cover of Rs. 30,000/- per annum on a family floater basis [for 5 members], for Below Poverty Line (BPL) families and other categories of unorganised workers. This scheme is designed to be dynamic and aspirational and it would be able to address many future changes in the exclusion/inclusion/ deprivation/ occupational criteria in the target group. The benefits of the scheme are portable across the country and a beneficiary covered under the scheme will be allowed to take benefits from any public/private empanelled hospitals across the country.

IMPLEMENTATION STRUCTURE
One of the core principles of Ayushman Bharat - National Health Protection Mission is co-operative federalism and flexibility to states. Following this, it is proposed to set up Ayushman Bharat National Health Protection Mission at Centre and States. A high level committee of the scheme will have to decide if a new entity is to be created or a new entity is to be created or a new entity is to be created or a new entity is to be created. The scheme will be implemented through public/private empanelled hospitals across the country. This will lead to increased access to quality health and medication. In addition, the unmet needs of the population (which are currently hidden due to lack of financial resources will be catered to. This will lead to timely treatments, improvements in health and its parameters, satisfaction, improvement in productivity and efficiency and job creation thus leading to improvement in quality of life.

SWACHH BHARAT
On 2nd October 2014, govt. launched Swachh Bharat program to eradicate the open defecation practice from the country and promote cleanliness. Open defecation is the root cause for a number of communicable diseases like diarrhea, dysentery, Typhoid, paratyphoid, Hepatitis and Cholera, among line others.

INTERNATIONAL YOGA DAY
With the same spirit, to uplift the mental and physical wellness of people, YOGA was promoted with full enthusiasm and with the efforts of Indian government. In a rare sequence of events, with 177 nations as co-sponsors, out of 193 member states, the United Nations declared June 21, as International Yoga Day, accepting the soft intellectual power of ancient healthcare systems of India. Thus, the Govt. is taking concrete steps to realize the dream our Prime Minister has for the country. As he has said “Sankalp Se Siddhata Tak”. One of the objectives of these steps are the steps in the direction of Health For All. These are in line with our dream of NEW INDIA - Ek Bharat, Swachh Bharat, Swasth Bharat.

Swatchh Bharat Mission

One can hope that effective and meaningful health care will reach to the masses.

As part of its outreach activities to disseminate information and awareness about India’s struggle for Independence, Publications Division organized a workshop on 24th July, 2018 at Jawahar Bal Bhavan, Mandi- a village on the outskirts of Delhi. Supported by Bal Bhavan (under the control of Ministry of HRD, Govt. of India), the workshop motivated village children to hone their creative skills. Around 40 children wrote poems, slogans, small articles on the theme of ‘Azadi meri nazar mein’ (what I think about freedom).

Following the workshop, these children were invited in a function organized at Publications Division’s Book-Guild at Soochna Bhawan, New Delhi on 26th July, 2018, where they presented their writings. Besides, the children also presented a small play on the theme of rights and duties of the citizens. Knowledge Division also presented gifts of books to the children.

The workshop and the programme at Soochna Bhawan were conceived and designed by Ms. Madhu Pant, well known children’s writer and Deputy Director and former Director, Bal Bhawan. The whole exercise was supported by Ms. Indrani Chaudhary, Deputy Director, Bal Bhawan, and published by Mandi. Editor, Bal Bharti.

Publications Division coordinated the entire exercise. The programme at Soochna Bhawan was well attended by children, staff and the officers of Publications Division.

The No Confidence Motion brought by opposition fell flat on July 20, 2018. The motion was defeated by more than 2/3rd margin. The ruling coalition got 325 votes, while opposition could only manage 126 votes. The no-confidence motion was introduced by the TDP against the government demanding Special Status Category to the Andhra Pradesh. In his over 90-minute address in the House, Prime Minister Shri Narendra Modi said that any instance of violence brings shame to the nation, in a reference to incidents of mob lynchings and assault on women raised by opposition parties. Taking on the opposition over its criticism of his government on employment front, he accused it of spreading baseless information and claimed that nearly one crore people have got employment in 2017-18. Citing Employment Provident Fund figures, he said 50 lakh people have got job in the formal sector in nine months. He said the transport business alone has created 20 lakh jobs in the informal sector.

Human Resources Development Minister Shri Prakash Javadekar said lack in innovation and quality research is the foremost challenge for the country. Chairing a three day National Conference of Vice-chancellors and Directors in New Delhi, the Minister said, quality expansion and teaching reform is the need of the hour. Further, he emphasized on creating a positive and lively environment to enhance the quality of education in all education and central private universities.
