Shantanu Kumar Singh & Shubh Kirti Singh

Shantanu Vivekananda is a well-known personality born in India and abroad since 1893. He became an inspiring personality in both the east and the west just after his speech on Hinduism at Parliament of Religions held in Chicago in 1893. His ideas became theosophy which is followed by people globally. In 21st century, a youthful and zealous population of India, which is transforming tomorrow by their actions today, is living the dream of Narendernath Dutta (Swami Vivekananda), the saint with a purpose. At the tender age of 21, Swami Vivekananda, the saint and philosopher, called the Swami Vivekananda the "paragon of Vedantists." Max Muller and Paul Deussen, the famous Orientalists of the nineteenth century, held him in genuine respect and affection.

The Thoughts of Vivekananda

Vivekananda’s contribution for today’s India can best be described as the 3C’s—community, courage and country. When a young individual is entrenched in the dilemma of life, he/she can lend with courage and serve their country as a community. His life and teachings are of inestimable value to the West for an understanding of the mind of Asia. William James, the Harvard philosopher, called the Swami the “paragon of Vedantists.” Max Muller and Paul Deussen, the famous Orientalists of the nineteenth century, held him in genuine respect and affection.

With courage and serve their country as a community. His life and teachings are of inestimable value to the West for an understanding of the mind of Asia. William James, the Harvard philosopher, called the Swami the “paragon of Vedantists.” Max Muller and Paul Deussen, the famous Orientalists of the nineteenth century, held him in genuine respect and affection.

His words,” writes Romain Rolland, "are great music, phrases in the style of Beethoven, stirring rhythms like the march of Handel choruses. I cannot touch these sayings of his, scattered as they are through the pages of books, at thirty years’ distance, without receiving a thrill through my body like an electric shock. And what shocks, what transports, must have been produced when in burning words they issued from the lips of the hero!”

By expressing his Community based approach, Swami Vivekananda sees the “regeneration of India” in strong and efficient society. To achieve this, he entrusts people to be united and develop solidarity towards fellow Indians by rooting out the superstitions, social evils and caste superiority from the society. Considering caste as a great impediment in the unity and oneness of the country, he appeals to all Indians to renounce it and break the monotonous nature of caste based social hierarchy. For his workers once he said that “I want strength, manhood, kshatraya, or the virility of a warrior, and brahmateja, or the radiance of a brahman.... These men will stand aside from the world, give their lives, and be ready to fight the battle of Truth, marching on from country to country. One man struck outside of India is equal to a hundred thousand struck within. Well, all will come if the Lord wills it.” That shows his love and affection for his own people and nation.

In his address to youth he directs them to show selfless action towards the society. He adds further that it is the duty and responsibility of every individual that he would work to awaken the masses by communicating his knowledge to them and imbibe the feeling of unity. Every individual in the society should always be ready for the sacrifice to the nation.

Vivekananda’s entire thought moves on the axis of Country. As being a great nationalist, his all concepts of community, courage, neo Vedanta, social change and democracy moves around his own thought of India and learn to fight difficulties.

Soon, students will be taking their Class 12 exams. Many of the Science students from PCM (Physics, Chemistry, Math) stream will sit for their engineering entrance exam such as JEE exam or BITSAT while a majority of those from PCB (Physics, Chemistry, Biology) stream will sit for their medical entrance exam (NEET). But there are many students who fall out of the realm of these two engineering entrance exams or just want to try a different career.

In this article, we will talk about different courses you can do after Class 12 if you are from Physics, Chemistry, Math (PCM) stream - and the careers they can potentially lead to: B.Tech (Bachelor of Technology) or B.E. (Bachelor of Engineering)

JEE Main exam is a gateway to enter 31 NITs (National Institutes of Technology), 23 IITs (Indian Institutes of Technology), 23 CFTIs (Centrally Funded Technical Institutions) and a number of other institutes participating in the exam. You may also crack the JEE Advanced exam and get an entry into the most prestigious engineering institutes of India - the IITs (Indian Institutes of Technology).

Some other engineering entrance exams in India that PCM students can try out for B.Tech admissions are:
- AMUEEE (Aligarh Muslim University Entrance Exam),
- BITSAT (Admission Test for Birla Institute of Technology and Science),
- COMEDK UGET (Undergraduate Entrance Test for the Consortium of Medical Engineering and Dental Colleges of Karnataka),
- IPU CET (Common Entrance Test for Guru Gobind Singh Indraprastha University),
- KJUET (Entrance Examination for Kalinga Institute of Industrial Technology),
- MET (Manipal Entrance Test which was earlier known as Manipal University’s Online Entrance Test (MU OET))
- SET (Symbiosis Entrance Test),
- SRM JEE (Engineering Entrance Exam for SRM Institute of Science and Technology), and
- VITEEE (VIT University’s Engineering Entrance Exam).

Armed with a B.E. or B.Tech degree, students can later apply to become a government contractor (for example, civil or electrical engineers), opt for an MBA and move into management, do M.Tech, M.E., or M.S. from a prestigious Indian college or foreign university and work as an engineer or perhaps teach in an engineering college, try for the UPSC exam to become an IAS officer (or opt for other administrative exams), or sit for the IES (Indian Engineering Services) exam and work in Railways or public sector companies.

If you are interested in Merchant Navy jobs, you can opt for maritime courses such as B.E. or B.Tech in Marine Engineering. After completing your degree, you’ll need to do one-year training as a Marine Engineer (GME) course before you can work as a Marine Engineer in a Merchant Navy ship.

Technical Entry in Indian Army

Unmarried male candidates between the ages of 16 years 6 months and 19 years 6 months can apply for Permanent Commission in the Indian Army right after Class 12. You need at least 70% aggregate marks in Physics, Chemistry and Mathematics in Class 12 board exams. Selected candidates are given a stipend of Rs 21,000 per month and given 4 years of training. After completion of 3 years, candidates can join NDA while on completion of 4 years, they can directly join the Army at the rank of Lt (Lieutenant).

Eligible candidates can apply for the Services Selection Board (SSB) interview through the Join Indian Army website.
ENGLISH RENDERING OF PM’S ADDRESS IN 51ST EPISODE OF MANN KA BAAT ON 30.12.2018

Dear countrymen, Namaskar. The year 2018 is about to conclude. We shall soon enter 2019. At such a juncture, it is natural to reflect on the year gone by. It is equally so, to hear about resolutions for the year ahead, and to think if the life of an individual, the life of a society at large or the life of a nation collectively, every body has to look back & ponder; at the same time one has to try & look forward to the best extent possible. Only then can the gains of experience be availed of, only then can one's self-confidence renew further. What exactly should we do in order to ensure a change in our lives, to better our being, to renew further. What exactly should we do in order to ensure a change in our lives, to better our being, to

India clinched a large number of Cricket World Cup. This time, it was the Blind Cricket World Cup and the Blind India's hundredth airport, the Bogibeel Bridge was dedicated to the waterways sector. The foundation of a new revolution in waterway was launched in the sky as well. Daughters of a nation that our country has seen unprecedented gains of experience are availing of her services.

On the 19th of December, Dr. Jayachandran passed away in Chennai. People fondly called him ‘Makkal Maaruivu’ since he had a special place in their hearts. Dr. Jayachandran was known for his efforts of making the most economical treatment possible available to the poor. People tell us that he would be ever ready & eager, when it came to treatment of patients. In the case of elderly patients, he would make arrangements for whatever possible they did that! She did it in honour of her inner strengths.

Today, I'm saying it with pride and enthusiasm. 300 bicycle. She rode for 159 days, became the fastest Asian to Serbia too. My best wishes and blessings to Hanaya. Similarly, success stories of young innovators & entrepreneurs are women beautifully on yourstory.com. In about one of our daughters from Kashmir who won a gold medal in a Karate Championship in Korea. Hanaya is 12 years old and lives in Anantnag, Kashmir. Hanaya trained hard in Karate with perseverance & fervor, studied its nuances and proved herself. On behalf of all of us, I wish her a bright future. Best wishes and blessings to Hanaya. Similarly, the media discussed extensively about the 16 year old Rajani. You too must have read it. Rajani won a gold medal at the Junior Women's Boxing Championship. The moment Rajani won the medal, she rushed to a nearby milk stall & drank a glass of milk. After that, she wrapped a cloth around the medal & kept it in a newspaper. And I must be wondering why Rajani did that! She did it in honour of her father Jasmer Singh Ji who sells lassi at a stall in Panjagrit. According to Rajani, her father has sacrificed a lot, undergone hardships to help her reach where she is. Every morning, Jasmer Singh used to leave for work before Rajani and her siblings woke up. When a game is brought a change in society. When a game is brought a change in society. When a game is brought a change in society.

On similar lines, on the 25th of December, I learnt of the loss of Dr. Jaya Chandran in Tamil Nadu. Kamata. Sulagitti Narasamma was a midwife, aiding pregnant women during childbirth. In Kamata, especially in far-off, remote places, thousands of women availed of her services. In the beginning of this year, she was honoured with a Padma Shri. There are many exemplary personalities such as Dr. Jaya Chandran and Sulagitti Narasamma, who dedicated their lives to the welfare of all in society. In the background, there exist many things that are much higher, much greater than the world of sports. Let me tell you with old gloves, since those days, the family was not too well. Financially. Despite many hurdles, Rajani did not lose heart & went ahead with her training in boxing. She has won a medal in Serbia too. My best wishes and blessings to Rajani. I also congratulate her parents Jasmer Singh Ji and Usha Rani Ji for supporting & encouraging Rajani. As you yourself, her wish to learn boxing, she expressed her wish to learn boxing, she encouraged her, arranging whatever possible resources that he could. Rajani had to start her training in boxing.
**TEACHINGS OF SWAMI VIVEKANANDA**

- Our first duty is not to hate ourselves; because to advance we must have faith in ourselves first and then in God. He who has no faith in himself can never have faith in God.
- The only duty is holy, and devotion to duty is the highest form of worship of God.
- That society is the greatest, where the highest truths become practical.
- Faith, faith in ourselves, faith in God - this is the secret of greatness… Have faith in yourselves, and stand up on that faith and be strong; that is what we need.
- The Hindus were bold, to their credit be it said, bold thinkers in all their ideas, so bold that one spark of their thought frightened the so-called bold thinkers of the West.
- In my opinion, a race must first cultivate a great respect for motherhood, through the sanctification and inviolability of marriage.
- Sila is the name in India for everything that is good, pure, and holy; everything that in the highest sense is good.
- Teaching, renunciation, and service are the twin ideals of India. Intensify here in these channels, and the rest will take care of itself.
- My ideal indeed can be put into a few words and that is: to preach unto mankind their divinity, and how to make it manifest in every movement of life.
- My whole ambition in life is to set in motion a machinery which will bring noble ideas to the door of everybody, and then let men and women settle their own fate. Let them know what our forefathers as well as other nations have thought on the most momentous questions of life. Let them see specially what others are doing now, and then decide. We are to put the chemicals together, the crystallisation will be done by nature according to her laws.
- Truth is my God, the universe my country.
- I am proud to belong to a religion which has taught the world both tolerance and universal acceptance. We believe not only in universal toleration, but we accept all religions as true. I am proud to belong to a nation which has sheltered the persecuted and the refugees of all religions and all nations of the earth. I am proud to tell you that we have gathered in our bosom the purest remnant of the Israelites, who came to Southern India and took refuge with us in the very year in which their holy temple was shattered to pieces by Roman tyranny. I am proud to belong to the religion which has sheltered and is still fostering the remnant of the great Zoroastrian nation.
- My watchword, then, will be acceptance, and not exclusion. Not only toleration… I believe in acceptance. Why should I tolerate? Tolerant means that I think that you are wrong and I am just allowing you to live. Is it not a blasphemy to think that you and I are allowing others to live?
- Religions of the world have become lifeless mockerys. What the world wants is character. The world is in need of those whose life is one burning love, selfless. "That love will make every word tell like thunderbolt."

**On Education**

Education is the manifestation of the perfection already in man.

- By education I do not mean the present system, but something in the line of positive teaching. Mere book-learning won't do. We want that education by which character is formed, strength of mind is increased, the intellect is expanded, and by which one can stand on one's own feet.
- The education which does not help the common mass of people to equip themselves for the struggle for life, which does not bring out strength of character, a spirit of philanthropy, and the courage of a lion-is it worth the name? Real education is that which enables one to stand on one's own legs.
- By work alone men may get to where Buddha got largely by meditation or Christ by prayer.

- One idea that I see clear as daylight is that misery is caused by ignorance and nothing else. Who will give the world light? Sacrifice in the past has been the Law, it will be, alas, in our day and age, the Law of philanthropy, and the courage of a lion-is it worth the name? The Mahatma once wrote "We have gone through Swami Vivekananda's works very thoroughly, and after having gone through them, the love that I had for my country became a thousand-fold. His writings need no introduction from anybody, they take their own possession." Swami Vivekananda shaped the independent Indian thought and contributed as a spiritual leader to the modern Indian freedom movement, this contribution was penned down by Valentine Chirol, the author of www.Jobriya.com.

Selecting Words
Directions: In the following passage, at certain points you are given a choice of four words marked (a), (b), (c), and (d), one of which fits the meaning of the passage. Choose the best word out of the four. Mark the letter, viz., (a), (b), (c), or (d), relating to this word on your Answer Sheet. Examples K and L have been solved for you.

The (a) boy (b) horse (c) dog (d) cow was in the school in Shimla. L
(a) She (b) it (c) He (d) Her was homesick.
Explanation: Out of the list given in item K only, 'boy' is the correct answer because usually, a boy, and not a horse, a dog or a cow, attends school. So (a) is to be marked on the Answer Sheet for item K. A boy is usually referred to as a male item, so 'boy' is the correct answer. Notice that to solve the first item you have to look at the whole sentence and then see what fits best.

Passage
After this incident I went to Nainital, and returned after nearly a month. I had Q1. (a) come (b) come back (c) merely (d) rarely taken Q2. You can make a career as an Urban Planner, Environmental Planner, Interior Designer, and Project Planner after completing this course.

**Bachelors of Design (B.Des)**

If you are interested in Fashion Designing, Product Designing, Interior Designing, or Textile Designing, this is the course you should opt for. Different colleges offer it as a 3-year or 4-year program. Some of the top colleges where you can pursue the B.Des course are:

- IDE (NID Ahmedabad)
- IIT Delhi
- IUAC, New Delhi
- SNSAD, Chennai
- NIFT Delhi

You can also choose to appear for its entrance exam which is conducted by the Union Public Service Commission (UPSC). The National Aptitude Test in Architecture (NATA) conducted by the National Institute of Design (NID) is another prominent entrance exam. Several private-sector training institutions and educational institutions also offer skill-based Diploma or Degree programs that can help you earn good money in the future.

**How to choose a career which suits you the best?**

Many students are confused about what careers they should opt for. In such a case, taking a Career Aptitude Test can be highly beneficial. In case you are a DIY (Do It Yourself) type, you should write down:

- **Your Personal Strengths**
- **Your Personal Weaknesses**
- **Activities and Subjects You Love to Do**
- **Work Environment and Life Style You Would Like**
- **Personal Values Close to Your Heart**

Once you have these ready, research different types of careers and see which ones cover most of the points in your list. For example, if you feel strongly for people who suffer even though they have done nothing wrong, you might want to be a lawyer. On the other hand, you might feel attracted to heights and risk-taking and would like to work in the field of engineering and construction. This will help you prepare for overseas training and certification opportunities. The Ministry of External Affairs (MEA) also offers the Pre-Departure Orientation Training (PDTO) for candidates who are interested in working in another country. It might be a good idea to visit your nearest ISIC once. Several private-sector training institutions and educational institutions also offer skill-based Diploma or Degree programmes that can help you earn good money in the future.

When we come to know of such
examples, we too feel inspired
every moment of our life.
My dear countrymen, the
month of January ushered in
diverse festivals with hope &
joy—such as Lohri, Pongal, Makar
Sankranti and Maghi. 
Bhumi, Maagh; on the occasion of
these festivities, the length &
breadth of India will be replete...
with the veneer of traditional
dances at places, the embers of
Lohri symbolizing the joy of a
bountiful harvest at others.
Somewhere the skies dotted
with colourful flying kites,
elsewhere the funfilled air of
a mele or carnival. The spirit of
Sports & games will come to
the fore... and at places, people
will joyfully feed each other til &
be elated with joy &
enthusiasm. People will be heard exchanging
the greeting phrase
"Tilgunghyaasangorgor boda!"
All these festivals may carry
different names but the
underlying or inherent feeling of
celebrating them is singular—
these are harvest festivals and
somewhere or the other are
connected with crops and farming,
especially for the youth. People
will be heard exchanging
the greeting phrase
"Tilgunghyaasangorgor boda!"

Calendars based on the
movement of earth with respect
to moon and sun decide the occurrence and dates of
our festivals. It is also dependent on the
fact that which calendar you
follow. In many regions the
position of the planetary

My dear countrymen, there is
an abundance of events in our
culture, of which we can be
proud and display in the
entire world with pride - one
of them is the Kumbh Mela. You
must have heard a lot about
Kumbh. Even in films, a lot is
exhibited regarding its grandeur
and magnificence and most truly
so, the dimensions of Kumbh are
vast - supremely divine, as much
the country and around the world
come and participate in the
Kumbh. In the Kumbh Mela,
there is a total upsurge of faith
and reverence. Millions and
millions of people from India and
around the world congregate at
one place.

The tradition of Kumbh has
bloomed and flourished as part
of our great cultural heritage.
This time the world famous
Kumbh Mela is going to be held
in Prayagraj from January 15,
and many of you might be
waiting eagerly for it to take
place. The process of Sant-
Mahatmas converging at the
Kumbh Mela has also
started. It is a measure of its
global importance that last year
UNESCO has marked Kumbh Mela
in the list of intangible Cultural Heritage of Humanity.
A few days ago the Ambassadors
of many countries witnessed for
themselves the preparations for
Kumbh. The national flags of
many countries were together
hoisted at the Kumbh. The festival
organized in Prayagraj, is
expected to have footfalls from
more than 150 countries; the
divinity emanating from Kumbh
will spread the colours of India's
splendour throughout the world.
Kumbh Mela is also a huge
medium of self discovery, where
every visitor experiences a
unique feeling and learns to look
more and more people feel
inspired to go to Kumbh.
May this Kumbh of Spirituality
become a Mahakumbh of
Indian Philosophy.
May this Kumbh of faith also
become a Mahakumbh of
nationalism.
And a Mahakumbh of
International
Integration.
I wish Kumbh of the
devotees also become
Mahakumbh of global tourists.
May this Kumbh of aesthetics
also become the Mahakumbh of
creativity.
My dear countrymen, there is
a lot of curiosity regarding the
celebration of Republic Day on
26th January, when we
remember those great men who
gave us our Constitution.
This year we are celebrating the
150th birth anniversary of revered Bapu. We are fortunate
that South Africa's President Mr.
Cyril Ramaphosa is going to
grace the Republic Day
celebrations as chief guest. Our
revered Bapu and South Africa

My dear countrymen, a few days ago, a DGP conference was held at Kevadia on the banks of Narmada in Gujarat, where the world’s highest statue ‘Statue of Unity’ was unveiled, there I had a meaningful discussion with the top policemans of the country. What kind of steps should be taken to strengthen the security of the country and that of the countrymen, was discussed in detail. At the same conference, I also announced the awarding of ‘Sardar Patel Award’ for National Integration to be given to those who have contributed for national unity in any form. Sardar Patel dedicated his entire life for the unity of the country. He always remained engaged in keeping India’s integrity intact. Sardar Saheb believed that the power of India lay in the diversity of the land. It is our way of paying homage to Sardar Patel’s aspirations through this award for National Integration.

My dear countrymen, January 13 is the date of the sacred festivity of Guru Gobind Singh ji’s birth anniversary. Guru Gobind Singh ji was born in Patna. For most of his life, his work was centred in North India and he sacrificed his life in Nanded, Maharashtra. His birth place was Patna, Karbachnook was north India and the last moment of his life was spent in Nanded. In a way, entire India received his blessings. A glimpse of his life span effectuated a glimpse of the entire India. After the martyrdom of his father Shri Guru Tegh Bahadur, Guru Gobind Singh ji attained the hallowed position of the Guru at a tender age of nine years. Guru Gobind Singh ji had inherited courage to fight for justice from the legacy of Sikh Gurus. He was bestowed with a quiet and simple personality, but whenever, an attempt was made to suppress the voice of the poor and the weak, or injustice was done to them, then Guru Gobind Singh ji raised his voice firmly for the poor and the weak and therefore it is said - "I can make one fight against one hundred and fifteen thousand, but I cannot make the sparrow fight against the hawk. That be the reason that Gobind Singh ji is my name." He used to preach that strength cannot be demonstrated by fighting against the weaker sections. Shri Gobind Singh ji believed that the biggest service is to alleviate human suffering. He was a divine figure full of heroism, valor, courage, sacrifice and devotion. He had beauteous knowledge of both weapons and arm. He was an archer and a pundit of Gurmukhi, Braj Bhasha, Sanskrit, Persian, Hindi and Urdu and many other languages. I once again bow paying my obeisance to Shri Guru Gobind Singh ji. My dear countrymen, there are many good events happening in the country, which are not widely discussed. Such a unique effort is being attempted by F.S.S.A.I viz Food Safety and Standard Authority of India. Many programs are being organized across the country in celebration of the 150th birth anniversary of Mahatma Gandhi. In this regard F.S.S.A.I campaigns, 'Swasth Bharat' trips are being carried out across the country. These campaigns will continue till January 31. At times, government organizations are tagged as a regulator, but it is commendable that F.S.A.A.I has been working beyond this brief for people-friendly and nutritional education. A clean and healthy India will spell a prosperous India also. Nutritious food is essential for good health. In this context, I extend hearty greetings to F.S.S.A.I for this renewed inspiration, renewed zeal, renewed resolution, new accomplishments, lofty goals - let’s move on, keep moving, change oneself and change the country too.

Thank you very much.

-Sardar P. Singh
The Sports Ministry has earmarked Rs 100 crore for the funding of athletes under Cuba's former president Raul Castro marked the 60th anniversary of the country's Revolution, amidst pressing diplomatic relations with the United States and a failing economy. On New Year's Day of 1959, Cuba's U.S.-backed dictator Fulgencio Batista fled Cuba as Fidel Castro and his bearded revolutionaries seized control of the Caribbean country. Alongside Fidel was his brother, Raúl Castro, who now heads the country's Communist Party. Speaking at an event in the city of Santiago de Cuba to mark the anniversary, Raul Castro said Havana seeks mutual bilateral with the U.S.A. Under President Donald Trump, warning diplomatic relations have been under strain with Washington unwinding economic ties and putting in place new sanctions.
