Well, most 12th-grade students and their parents struggle to fit themselves into one of a few narrowly defined boxes, what is it going to be: Engineering, Medicine or Commerce? Little do they realize that the fields have become much vaster and varied too. As parents ask us what careers their children should pursue and whether it is best to steer them into the science, engineering and technology fields? The best answer that I offer is “it is best to let them make their own choice”. They should not, do what our parents did, telling us what to study and causing us to treat education as a chore; instead, they should encourage their children to pursue their passions and to love learning.

The pragmatic attitude taken by most Indian students and parents is certainly understandable in a Country where millions of students regularly compete for scarce college placements and job opportunities. The entrance requirements at Indian Universities have steadily risen, with certain premier colleges in New Delhi posting the mind-boggling admission cutoff of 99 percent last year.

In this high-stress setting, students want to study whatever will land them a job, creating a college experience much more akin to “technical training” rather than intellectual exploration. In a developing Country like India which is riddded by so many teething problems, yet whose educational aspirations are dominated by Engineering and Management, the need for liberal arts is only amplified. Lucky for us, higher education has started offering “it is best to let them make their own choice”.

Current affairs to the civil services exam is what the backbone is to the human body. Just as without a backbone, our body shall not get the support to stand erect, without current affairs, civil services preparation shall come crumbling on the ground. If there is one thing that defines civil services exam, it is current affairs. And if there is one thing that needs top priority, it is current affairs. To state a simple fact, current affairs accounts for almost sixty percent of the GS syllabus. If we take an extended view, then current affairs counts even in optional papers such as Political Science, Sociology, Public Administration Geography etc. The second paper of these optional are applied aspects of the subject. If one knows the current developments related to the topics of these optional papers, it will be impossible to write an effective, relevant answer. Thus, one can safely say that current affairs is an all pervasive phenomenon in civil services exam and no one can get away from this reality. Sadly, few understand the importance of current affairs in this exam. Even those who are aware of its importance are at a loss to understand as to how to handle it. It results in poor preparation, poor marks and frustration among the aspirants. Therefore, a true understanding about the value and significance of current affairs is key to success in the civil services exam. This article briefly summarises current affairs in all its aspects to navigate the path of preparation for the aspirants who seek direction and purpose while attempting to cover current affairs part.

(a) 18  (b) 20  (c) 22  (d) 24

Q2. Consider the following sum:

\[ \sum_{i=1}^{n} 2i \]

In the above sum, \( \ast \) stands for
(a) 4  (b) 5  (c) 6  (d) 8

Q3. Consider the following pattern of numbers:

6  8  10  12  14

What is the number at \( ? \) in the above pattern?
(a) 17  (b) 19  (c) 21  (d) 23

Q4. How many diagonals can be drawn by joining the vertices of an octagon?
(a) 20  (b) 24  (c) 28  (d) 54

Q5. The figure drawn below gives the velocity graphs of two vehicles A and B. The straight line OXK represents the velocity of vehicle A at any instant, whereas the horizontal straight line CKD represents the velocity of vehicle B at any instant. If the point, D is the point where perpendicular from P meets the horizontal line CKD such that PD = 1/2LD.

What is the ratio between the distances covered by vehicles A and B in the time interval OQ?
(a) 1:2  (b) 2:3  (c) 3:4  (d) 1:1

Q6. A train 200 metres long is moving at the rate of 40 kmph. In how many seconds will it cross a man standing near the railway line?
(a) 21  (b) 25  (c) 30  (d) 64

Q7. Which of the following is the most logical and rational inference that can be made from the above passage?

Passage-3

I am a scientist, privileged to be somebody who tries to understand nature using the tools of science. But it is also clear that there are some really important questions that science cannot really answer, such as: Why is there something instead of nothing? Why are we here? In those domains, I have found that faith provides a better path to answers. I find it oddly anachronistic that in today's culture there seems to be a widespread presumption that scientific and spiritual views are incompatible.

Q9. Which of the following is the most logical and rational inference that can be made from the above passage?

Passage-4

Though I have discarded much of past tradition and custom, and am anxious that India should rid herself of all shackles that bind and contain her and divide her people, and suppress vast numbers of them, and prevent the free development of the body and the spirit; though I seek all this, yet I do not wish to cut myself off from that past completely. I am proud of that restraint that has been and is, ours and I am conscious that I too, like all of us, am a link in that unbroken chain which goes back to the dawn of history in the immemorial past of India.

Q10. The author wants India to rid herself of certain past bonds because
(a) he is not able to see the relevance of the past (b) he is not interested in the history of India (c) it is the faithful and not science that can finally solve all the problems of mankind. (d) Science and faith are mutually complementary if their proper domains are understood.

Q11. What is the symbol on the face opposite to that containing a single dot?
(a) Single dot (b) Two dots (c) Line (d) Four dots

Q12. What is the ratio between the distances covered by vehicles A and B in the time interval OQ?
(a) 1:2  (b) 2:3  (c) 3:4  (d) 1:1

Q13. What was the approximate total value (in $) of sheet steel imported over the six months period?
(a) 45,555  (b) 50,555  (c) 55,550  (d) 65,750

Q14. What is the symbol on the face opposite to that containing a single dot?
(a) Four dots (b) Three dots (c) Two dots (d) Cross

Q15. What is the symbol on the face opposite to that containing two dots?
(a) Single dot (b) Three dots (c) Four dots (d) Line

Q16. What is the symbol on the face opposite to that containing the cross?
(a) Single dot (b) Two dots (c) Line (d) Four dots

Directions for the following 4 (four) items:
Read the following passage and answer the four items that follow. Your answers to these items should be based on the passage only.

It is no longer enough for us to talk about providing universal access to education. Making available schooling facilities is an essential prerequisite, but is insufficient to ensure that all children attend school and participate in the learning process. The school may be there, but children may not attend or they may drop out after a few months. Through school and social mapping, we must address the entire gamut of social, economic, cultural and indeed linguistic and pedagogic issues. Factors that prevent children from weaker sections and disadvantaged groups, as also girls, from regularly attending and complementing elementary education. The focus must be both on the quality of the learning process and that unbroken chain which goes back to the dawn of history in the immemorial past of India.

Q17. According to the passage, which of the following is a corollary to the above passage?

Q18. With reference to the above passage, the following assumptions have been made:
1. The Right to Education guarantees teachers’ accountability for the learning process of children.
2. The Right to Education guarantees 100% enrolment of children in schools.
3. The Right to Education intends to take full advantage of the children’s creative and linguistic abilities.
4. Which of the above assumptions is/are valid?
(a) 1 only  (b) 2 and 3 only  (c) 3 only  (d) None of the above

Q19. According to the passage, which one of the following is critical in bringing quality in education?
(a) Ensuring regular attendance of children as well as teachers in school
Q21. If E sits in his office and faces the corridor, does not have a corner office. F's office is further from his office. The offices of C and D face each other. The offices of E and F face each other. Which of the above assumptions is/are valid?
(a) 1, 2 and 3 only (b) 1, 2 and 4 only
(c) 1 only (d) 4 only
Q22. If RAMON is written as 12345 and DINESH as 675849, then HAMAM will be written as
(a) CCIDD (b) CDKGH (c) CCJFG (d) CCIFE
Q23. A housewife obtained 29% on the first installment, 33% on the second, and 25% on the third installment. If her total savings were Rs. 3600, find the amount of every installment.
(a) 200, 900, 1500 (b) 1400, 1400, 800
(c) 1800, 1000, 800 (d) 1600, 1200, 800
Q24. A number consists of three digits of which the middle one is zero and their sum is 14. If the number is reversed, the first and last digits is greater than the number itself by 198, then the difference between the first and last digits is
(a) 6 (b) 7 (c) 8 (d) 9
Q25. A solid cube of 3 cm side, painted on all its faces, is cut up into small cubes of 1 cm side. How many of the small cubes will have exactly two painted faces?
(a) 12 (b) 8 (c) 4 (d) 0
Q26. Write all the numbers between 700 and 1000, which have many numbers in which the digit in the hundreds place is greater than the digit at tens place, and the digit at tens place is greater than the digit at ones place.
(a) 61, 62, 63 (b) 62, 63 (c) 61, 63 (d) 61, 62
Q27. If Pen < Pencil, Pencil < Book and Book > Cap, which of the above relations is/are true?
(a) Pen > Cap (b) Pen < Book (c) Pencil = Cap (d) Pencil > Cap
Q28. A bookseller sold ‘a’ number of Geography textbooks at a rate of Rs. x per book and ‘b’ number of History textbooks at the rate of Rs. (x + 2) per book. What is his total sale in Rs.?
(a) 3x + 3a (b) 3x + 8a (c) 3x + 4a (d) 3x + 2a
Q29. A bag contains 15 red balls and 20 black balls. Each ball is numbered either 1 or 2. 3% of the red balls are numbered 1 and 40% of them are numbered 2. Similarly, 40% of black balls are numbered 1 and 50% are numbered 2. What are the chances of getting 1 and 2 in a random draw without replacement?
(a) 6 : 5 (b) 4 : 3 (c) 6 : 1 (d) 4 : 2
Q30. Two persons, A and B are running on a circular track. At the start, B is ahead of A and their positions make an angle of 30° at the centre of the circle. When B is running diametrically opposite to his starting point, he meets A. What is the ratio of speeds of A and B, if they are running with uniform speeds?
(a) 6 : 5 (b) 4 : 3 (c) 6 : 1 (d) 4 : 2
Q31. A student has to get 40% marks to pass in an examination. Suppose he gets 30 marks and fails by 30 marks. Then, what is the maximum marks in the examination?
(a) 100 (b) 120 (c) 150 (d) 300
Q32. By how many degrees should the minute hand be turned to point for playing hockey, if at 11, 11 are wearing hockey shirts and 14 are wearing hockey pants. There are no boys without shirts and/or pants. What is the number of boy who wear uniform fully?
(a) 3 (b) 5 (c) 6 (d) 8

Passage-3
Directions for the following 6 (six) items:
Read the information given below and answer the six items that follow:
A, B, C and D are students. They are studying in four different cities, viz., P, Q, R and S (not necessarily in that order). They are studying in Science college, Arts college, Commerce college and Engineering college (not necessarily in that order), which are situated in four different states, viz., Gujarat, Rajasthan, Assam and Kerala (not necessarily in that order). Further, it is given that-
(i) D is studying in Assam
(ii) Arts college is located in city S which is in Rajasthan
(iii) A is studying in Commerce college
(iv) B is studying in city Q
(v) Science college is located in Kerala

Q33. The following assumptions have been made:
(a) A only (b) A and D (c) C only (d) B and C
Q34. The following assumptions have been made:
(a) 1, 2 and 3 only (b) 1, 2 and 4 only
(c) 1 only (d) 4 only
Q35. The following assumptions have been made:
(a) 1, 2 and 3 only (b) 1, 2 and 4 only
(c) 3 and 4 only (d) 1, 2, 3 and 4
Q36. The following assumptions have been made:
(a) A only (b) 2 only (c) Both 1 and 2 (d) Neither 1 nor 2
Q37. The following assumptions have been made:
(a) A only (b) 2 only (c) Both 1 and 2 (d) Neither 1 nor 2
Q38. The following assumptions have been made:
(a) A only (b) B only (c) Both 1 and 2 (d) Neither 1 nor 2
Q51. Which one of the following is the most true?
(a) Science only can build a happy world, but it is also important to learn from cultures and religions.
(b) Science and culture can complement each other to create a harmonious world.
(c) A happy world is a dream of science.
(d) A happy world is not at all possible with or without science.

Passage-4
The Arctic's vast reserves of fossil fuel, fish and minerals are now exploitable for a longer period of a year. But unlike Antarctica, which is protected from exploitation by the Antarctic Treaty framed during the Cold War and is not subject to territorial claims by any country, the Arctic is not ruled by a single regime protecting the Arctic from industrialization, especially at a time when the world craves for more and more resources. launched by the US and its allies against the Islamic State will prompt countries with Arctic coastline to scramble for great chunks of the melting ocean.

Q52. Which one of the following is the most true?
(a) India can have territorial claims in the Arctic region.
(b) Melting of ice due to global warming is a threat to the Arctic region.
(c) The Arctic region will solve the world's future problem of resource crunch.
(d) The Arctic region has more resources than Antarctica.

Passage-5
Being a member of the WTO, India is bound by the Agriculture Agreement that controls agricultural subsidies. It allows countries to subsidize the use of clean cooking fuels will solve the problem of India's indoor air pollution.

Q53. Which is the true message conveyed by the above passage?
(a) India should revise its PDS.
(b) India should not be a member of WTO.
(c) For India, food security collides with trade.
(d) India provides food security to its poor.

Passage-6
India's educational system is modelled on the mass education system that developed in the 19th century in Europe and later spread around the world. The goal of the system is to condition children as 'good' citizens and productive workers. This suited the industrial age that needed the constant supply of a compliant workforce with a narrow set of capabilities. Our educational institutes resemble factories with bells, uniforms and batch-processing of learners, designed to get workers to conform. But, from an economic point of view, the environment today is very different. It is a complex, volatile and interconnected world.

Q54. Reference to the above passage, the following assumptions have been made:
(a) Continued

Passage-7
The practice of dieting has become an epidemic; everyone is looking out for a way to attain that perfect body. We are all different with respect to our ethnicity, genetics, family history, gender, age, physical and mental health, lifestyle and preferences. Thereby we also differ in what foods we tolerate or are sensitive to. So we cannot really reduce so many complexities into one diet book or fitness program. We are forced to die across the world in curbing obesity. Unless the reasons for weight gain are well understood and addressed and unless habits are changed permanently, the world will remain unhealthy.

Q55. What is the most logical and rational inference that can be made from the above passage?
(a) Obesity has become an epidemic all over the world.
(b) A lot of people are obsessed with attaining a perfect body.
(c) Obesity is potentially an incurable disease.
(d) There is no perfect diet or one solution for obesity.

Passage-8
Monoculture carries great risks. A single disease or pest can wipe out swathes of the world's food production, an alarming prospect given that its growing and wealthier population will eat 70% more by 2050. The risks are magnified by the changing climate. As the planet warms and monsoon rains intensify, farmlands in Asia will flood. North America will suffer more intense droughts, and crop diseases will spread to new latitudes.

Q56. Which of the following is the most true?
(a) Preserving crop genetic diversity is an insurance against the effects of climate change.
(b) Despite great risks, monoculture is the only way to ensure food security in the world.
(c) More and more genetically modified crops only can save the world from impending shortages of food.

Q57. A shopkeeper sells an article at Rs. 40 and gets X% profit. However, when he sells it at Rs. 20, he faces same percentage of loss. What is the correct option of the cost?
(a) Rs. 10 (b) Rs. 20 (c) Rs. 30 (d) Rs. 40

Q58. There are 24 equally spaced points lying on the circumference of a circle. What is the maximum number of equalateral triangles that can be drawn by taking sets of three points as the vertices?
(a) 4 (b) 6 (c) 8 (d) 12

Q59. Consider the sequence given below: 4/12/95, 29/3/96, 26/2/96, .... What is the next term of the series?
(a) 24/3/96 (b) 25/3/96 (c) 26/3/96 (d) 27/3/96

Q60. Twelve equal squares are placed to fit in a rectangle of diagonal 5 cm. There are three rows containing four squares each. No gaps are left between adjacent squares. What is the area of each square?
(a) 5/7 sq cm (b) 7/5 sq cm (c) 1 sq cm (d) 25/12 sq cm

Q61. Consider the following graph:

Which one of the following statements is not correct with reference to the graph given above?

(a) 30 January, the actual work was less than expected.
(b) The actual rate of progress was the greatest during the month of August.
(c) The work was actually completed before the expected time.
(d) During the period from 1st April to 1st September, at no time was the actual progress more than the expected progress.

Q62. For a sports meet, a winners’ stand comprising three wooden blocks is in the following form:

There are six different colours available to choose from and each of the three wooden blocks is to be painted such that no two of them has the same colour. In how many different ways can the winners’ stand be painted?

(a) 120 (b) 81 (c) 66 (d) 36

Directions for the following 2 (two) items:
Consider the following graph in which the birth rate and death rate of a country are given, and answer the two items that follow.
Q63. Looking at the graph, it can be inferred that from 1990 to 2010 (a) population growth rate has increased (b) population growth rate has decreased (c) growth rate of population has remained stable (d) population growth rate shows no trend

Q64. With reference to the above graph, consider the following statements considering 1970 as base year: 1. Population has stabilized after 35 years. 2. Population growth rate has stabilized after 35 years. 3. Death rate has fallen by 10% in the first 10 years. 4. Birth rate has stabilized after 35 years. Which of the above are the most logical and rational statements that can be made from the above graph? (a) 1 and 2 only (b) 1, 2 and 3 (c) 3 and 4 (d) 2 and 4

Q65. Average hourly earnings per year (E) of the workers in a firm are represented in figures A and B as follows: From the figures, it is observed that the (a) values of E are different (b) ranges (i.e., the difference between the maximum and the minimum) of E are different (c) slopes of the graphs are same (d) rates of increase of E are different

Q66. Consider the figures given below:

Q67. Consider the following figures A and B: With reference to the above graphs, which of the following are the most logical and rational inferences that can be made? 1. Over the last two and a half decades, the dependency ratio for country B has decreased. 2. By the end of next two and a half decades, the dependency ratio of country A will be much less than that of country B. 3. In the next two decades, the workforce relative to its total population will increase in country B as compared to country A. Select the correct answer using the code given below: (a) 1 only (b) 2 and 3 (c) 1 and 3 (d) 3 only

Q70. Consider the following figures: In the figures (i) to (VI) above, some parts are shown to change their positions in regular directions. Following the same sequence, which of the figures given below will appear at (VII) stage?

Q71. Consider the following graphs. The curves in the graphs indicate different age groups in the populations of two countries A and B over a period of few decades:

Q74. With reference to the above table, which of the following is/are the most logical and rational inference/inferences that can be made? 1. Higher per capita income is generally associated with higher Tele-density. 2. Higher GDP growth rate always ensures higher per capita income. 3. Higher GDP growth rate does not necessarily ensure higher Tele-density. Select the correct answer using the code given below. (a) 1 only (b) 2 and 3 (c) 1 and 3 (d) 3 only

Q75. With reference to the above table, the following assumptions have been made: 1. Nowadays, prosperity of an already high performing State cannot be sustained without making further large investments in its telecom infrastructure. 2. Nowadays, a very high Tele-density is the most essential condition for promoting the business and economic growth in a State. Which of the above assumptions is/are valid? (a) 1 only (b) 2 only (c) Both 1 and 2 (d) Neither 1 nor 2
The term 'liberal arts' education can also be applied to the dedicated study of just one of the above subjects (for example, a student studying a BA in History could be said to be undertaking a liberal arts education). Generally, however, the term refers to degree programs that aim to provide a broader spectrum of knowledge and skills.

The liberal arts are a set of academic disciplines that include the sciences and the humanities. The humanities is a liberal arts curriculum, you don’t have to have one specific career goal, although you might. Instead, you’ll assemble a broad foundation of knowledge that can be used in a wide spectrum of careers. You’ll learn to think critically, examine the world around you, communicate effectively and adjust to changing situations. If you would like to enter a professional field such as law or medicine, many liberal arts programs could prepare you to continue your studies in a graduate program.

A liberal education is an approach to college learning that empowers individuals and prepares them to deal with complexity, diversity, and change. It’s a structured combination of the arts, biological and physical sciences, social sciences, and humanities, emphasizing breadth of study. It aims to provide a learning experience that empowers students with the skills to deal with change, diversity and complexity. It makes problem solvers, critical thinkers and responsible members of the society.

Though you study multiple subjects in a Liberal Arts course, you still get to choose the subjects you wish to major in, as well as your minor subjects. Liberal arts courses offer you great freedom to build the most interesting subject combinations. For instance, if you choose journalism as your major subject, you could choose from over 15 subjects for a minor subject, ranging from History, Economics, International Studies, HRM, to Literary and Cultural Studies, Music, Dance, Design, Theatre, etc.

Depending on the choice of your subjects you get one of these degrees- B.A, B.A. Hons, B.B.A, or B.Sc. in Liberal Arts. Each subject has its own fields you stream you choose to major in. For instance, if you major in History, Economics, you get a degree in B.A. If you choose Math’s or Biology, you get a degree in B.Sc. (Liberal Arts).

Liberal Arts in India is most commonly offered as a three-year undergraduate degree. However, some universities offer an optional fourth year. In a few universities, the curricula have in-built Liberal Arts courses, without a dedicated course to it. What is Liberal Arts Education? According to John Henry Newman, "The purpose of a Liberal Arts education is to open the mind, correct it, to refine it, to enable it to know and to digest, master, rule, and use its knowledge, to give its power over its own faculties, application, flexibility, method, critical exactness, sagacity, resource, address, and eloquent expression." A Liberal Arts education promotes intellectual curiosity, helps in the process of creating knowledge in a range of subjects ranging from arts and humanities, social sciences to the natural and applied sciences. The Liberal education is a broad education fostered to encourage creativity and independent thinking.

Increased automation, climatic changes, artificial intelligence and the vagaries of nature will make problem solvers, critical thinkers and responsible members of the society.

As Albert Einstein said, "Imagination is more important than knowledge. Knowledge is limited; imagination encircles the world." Most Liberal Arts education has an academic research component. The Liberal Arts curriculum incorporates the best of content, course and knowledge in terms of interdisciplinary and experiential learning, use of technology, and mentorship. All of this is inspired to attract young minds towards the best educational experience and to prepare them to be global citizens.

Liberal Arts degree would help you in the preparation for work in a variety of sectors. A liberal arts degree is an interdisciplinary learning that connects math to literature, language to science. It opens up a plethora of career options. With a liberal arts degree, you can branch out into many different careers, such as journalism, public relations, writing, law, politics, linguistics, publishing, social work, psychology, management, civil services, marketing. Consulting, banking, media, public relations, research, teaching, and the social sector offer promising prospects for liberal arts graduates. Entrepreneur-ship is also a great possibility.

List of Liberal Arts Universities in India

Awareness and affinity are merited as the major reasons behind a wave of emerging education options in India and liberal arts courses are no exception. From 2005 to 2015, the number of universities offering this programme has grown exponentially, as has the number of applicants.

1. Ashoka University, Delhi
2. University of Delhi, Delhi
3. Lady Shri Ram college, Delhi
4. St Stephens college, Delhi
5. Flame university, Pune
6. Synthia school for liberal arts, Pune
7. Loyola college, Chennai
8. Madras Christian college, Chennai
9. Delhi University, Bangalore
10. Azim Premji University, Bangalore

England, Australia, Canada, and many other countries have seen a steep rise in the number of universities offering Liberal Arts. Liberal Arts education is something that can be used in a wide spectrum of careers. You’ll learn to think critically, examine the world around you, communicate effectively and adjust to changing situations. If you would like to enter a professional field such as law or medicine, many liberal arts programs could prepare you to continue your studies in a graduate program.
