IGNOU: PROVIDING LEARNER-CENTRIC DISTANCE EDUCATION

Dr. Vikas Singhal and Dr. Ranjita Panda

The Indira Gandhi National Open University (IGNOU), established by an Act of Parliament in 1985, has continuously striven to build an inclusive knowledge society through inclusive education. It has major contribution in increasing the Gross Enrolment Ratio (GER) by offering high-quality teaching through the Open and Distance Learning (ODL) mode through its wide network of Regional Centre and Learner Support Centres throughout the country.

Mandate, vision and mission of the University:

IGNOU began by offering two academic programmes in 1987, i.e., Diploma in Management (DIM) and Diploma in Distance Education (DDE) with strength of 4,528 students. Today, it serves the educational aspirations of more than 3 million students in India and other countries. The mandate of the University is to provide access to higher education to all segments of the society; offer high-quality, innovative and need-based programmes at different levels, to all those who require them; reach out to the disadvantaged by offering programmes in all parts of the country at affordable costs; and promote, coordinate and regulate the standards of education offered through open and distance learning in the country.

The vision of IGNOU reads: “The Indira Gandhi National Open University, the National Resource Centre for Open and Distance Learning, with international recognition and presence, shall provide seamless access to sustainable and learner-centric quality education, skill-upgradation and training to all by using innovative technologies and methodologies and ensuring convergence of existing systems for large-scale human resource development, required for promoting integrated national development and global understanding.”

To advance frontiers of knowledge and promote its dissemination through sustainable Open and Distance Learning systems, seamlessly accessible to all, including those hitherto unachieved, from among whom the leaders and innovators of tomorrow will emerge, the University shall:

➢ Strengthen the development of the National Resource Centre as a proactive role model for high-quality and learner-centric Open and Distance Learning system;
➢ Share professional capabilities and resources to improve standards of distance education in the country;
➢ Develop networks, using emerging technologies and methods, with global reach for effective programme delivery;
➢ Provide an intelligent and flexible system of education to meet the challenges of access and equity, and work towards development of a knowledge society;
➢ Forge convergence of all systems and work for seamless education across national boundaries to develop global

CAREER OPPORTUNITIES IN OPERATIONS MANAGEMENT

Like many other subjects management education has many disciplines. Students of management have to compulsorily go through the topics and principles under general management combined with overview of all major disciplines of management. However a postgraduate degree or diploma of two years has a provision of specialising in a particular branch of management. Well known branches of management include marketing, finance, human resource etc. Operation management is a lesser known management discipline but no less important than the ones generally talked about.

In general terms operations management is concerned with converting materials and labour into desired goods and services in an efficient manner with an objective of maximizing the profit of an organization. It entails maximizing production by procuring and utilizing available resources that include raw materials, people, equipment, technology, information and others. It has more to do with planning, designing, organising, controlling and optimising the process of production. Operations management ensures that an unit efficiently and successfully turns inputs into outputs. It is clear that operations management is delivery oriented.

The success of operations management is decided in terms of adherence to production schedule with quality and quantity of targeted production.

Operations management shouldn’t be considered similar to Logistics management. Operations management is wider and Logistics management is just a part of it. Logistics management is planning, execution and control of the procurement, movement and stationing of workers, material and other resources in order to achieve the objective of a campaign, plan, project or strategy. Logistics management may very well be defined as the management of inventory (of any type) in motion and rest.

Both manufacturing and service organizations need the function of operations management which covers a process from beginning to close. Manufacturing industries have flourished since decades and centuries. Now with boom in services sector opportunities for operations managers have become manifold. As an operations management professional, one may add immense value to the performance, profitability and customer service of an organization. With such an objective, interested young people may explore career opportunities in this branch of management.

Coverage: Operations management, too has a wide coverage. As a student of the subject, you’ll be exposed to following topics among others -

- Facilities planning
- Inventory management
- Quality management
- Production planning and control
- Operations management

collaboration and partnership;

> Take education to the hitherto unreached and promote community participation for local development through life-coping skills;

> Provide specific need-based education through training programmes for continuous professional development and skill upgradation in in-service professionals; and

> Strive towards continuous development of methods and strategies for research and development for generation of knowledge in frontier areas, including Open and Distance Learning.

Over the years, IGNOU, with its diverse programme, cost and a wide network, has succeeded to fulfill the country’s long-standing aspirations of providing education to the marginalized sections of society. Free of cost education is being provided to all jail inmates across the country. A large number of SCST students have been admitted to various programmes of the University. At present, under SC/ST/TSP grant unemployed SCST learners, who are not taking benefit of fee exemption/reimbursement from any other source/agency, may submit one admission form without programme fee at the online admission portal. For list and details of other programmes and other details learner may visit the IGNOU website. The University has been mandated to reach out to the marginalized sections of our society. The major steps envisaged to attract learners from the disadvantaged groups taken by the University:

- Efforts are being made by spreading the network of study centres from the district level to the block level;

- Networking with SOUs and CCs and using ICT in a creative way in difficult terrain and inaccessible regions;

- Strengthening the University’s presence in the North-East, Jharkhand, Chattisgarh, Kalahandi- Bolangir-Koraput region in Orissa, Jaisalmer and Barmer in Rajasthan and other low-lying regions;

- Conducting special drives to enroll marginalized groups (Scheduled Castes, Scheduled Tribes, differently-abled, women learners) in the niche-market programmes;

- Using emerging and innovative technologies to provide access and opportunities to differently-abled, tribes and women by cloning the best practices from successful programmes.

In the tradition of Open Learning, IGNOU offers considerable flexibility in entry qualification, place, pace and duration of study to students. The entry qualification for admission to various programmes is not necessary. Entrance offered by the IGNOU are relaxed within the necessary ambit of the statutory bodies.

The learner may choose any place (any LSC RC which is activated for that programme) for the student support services, he/ she may submit choice to appear in term end examination in any exam centre throughout India.

The learner may study at his/ her pace as per his/ her convenience, the learner may study 24X7, 365 days of the year, any day during day or night, slowly or at a fast pace can complete a programme in minimum duration (as per statutory guidelines) or in maximum duration (as specified by the IGNOU).

One of the most important aspect of studying with IGNOU is that the learner are not engaged with the regional centre/ study centre to any recognized IGNOU regional centre/ study centre free of cost, if they wish to or can change their residence to other place within India.

A Master degree programme of 2 years duration can be completed in 5 years, Bachelor degree programme (i.e., BA B.Com./ B.Sc) of three years duration can be completed in six years, a certificate of 6 months can be completed in 2 years and a diploma of 1 year can be completed in 3-4 years, if the student is unable to complete the same in minimum duration due to certain unavoidable reasons. The learner may submit a request for extension of time due to certain unavoidable reasons.

Total Quality Management and Effective Student-Support Services

Effective student-support services are an important prerequisite for improving completion rate, reducing drop-out rates.

NATIONAL

Prime Minister Narendra Modi has asserted that there will be no re-thinking on decision on Article 370 and CAA, Citizenship (Amendment) Act, despite the pressure. Addressing a public rally in Padav area of Chandauli district PM said, his government took the decisions which were necessary in the interest of the country. Despite pressure, we stand by our government and will remain so. On his day long visit to his Parliamentary Constituency Prime Minister Narendra Modi launched 50 development projects worth more than rupees 1254 crore. He also flagged off the Kashi Mahakal Express to link Varanasi, Ujjain and Omkareshwar, and dedicated to the nation the Pandit Deendayal Upadhyay Memorial Centre.

Union Home Minister Amit Shah has said that no one can scrap Article 371 and the government does not intend to do so. Speaking at the 34th Statehood Day Celebrations in Itanagar, Arunachal Pradesh, Mr. Shah said that in August 2019 when Article 370 was scrapped there was a rumour that 371 will also be removed.

Mr Shah said, Prime Minister Narendra Modi wishes to make the entire northeast a problem-free region. The Minister said that Mr Modi is the only Prime Minister who has visited the Northeastern region 30 times in the last 5 years. He said, Arunachal Pradesh will play its role in fulfilling the dream of crossing the five-trillion-dollar economy. On the occasion, the Home Minister laid the foundation stone for various developmental projects in the state.

India has said China's objection to Prime Minister Amit Shah's visit to Arunachal Pradesh does not stand to reason. Briefing the media in New Delhi, External Affairs Ministry spokesperson, Raveesh Kumar said, New Delhi's consistent position has been that the state is an integral and inalienable part of the country. The spokesperson said, India is eagerly waiting President Donald Trump's visit. He said the visit will strengthen the global and strategic ties.

Aam Aadmi Party convenor Arvind Kejriwal has retained all the Cabinet Ministers. Kejriwal took oath as CM of Delhi for the third time. Lieutenant Governor Anil Baijal administered the oath of office and secrecy to Mr Kejriwal and six Cabinet Ministers at Ramilla Maidan in the national capital. Mr Kejriwal has retained all the Cabinet Ministers who were part of his last government. The new team comprises Manish Sisodia, Gopal Rai, Kailash Gehlot, Imran Hussain and Rajendra Gautam. Later addressing the gathering, Mr. Kejriwal said, he wants to work with Centre to make Delhi number one city.

India has expressed its solidarity with Chinese people and the government of China in the fight against outbreak of Novel Coronavirus, COVID-19. In a statement, Indian Ambassador to China Vikram Misri said, India will do everything within its means to assist the people of China in this time of difficulty. He said, the Government of India is soon providing a consignment of medical supplies to help and assist in China tackling this outbreak. He said, this is a concrete measure which will fully demonstrate the goodwill, solidarity and friendship of the people and government of India with the Chinese people. Meanwhile, the Union Health Ministry has constituted central teams of experts for examination of villages bordering Nepal for novel coronavirus infection.

The Centre has reiterated its stand in the Madras High Court that the conviction in the Rajiv Gandhi assassination case cannot be released without its approval. A petition by one of the convicts Ms Nalini seeking her early release as per the State Cabinet recommendation came up for hearing last week. The Additional Solicitor General, ASG, Mr G Rajagopalan said the state cabinet recommendation will have zero-effect without the Centre's consent. He also referred to the apex court order in a case filed earlier by the convicts by which the court says the Centre's concurrence for their release is necessary as the case was investigated by the CBI, a central agency.

Prime Minister Narendra Modi has affirmed India’s commitment towards the conservation of migratory species. He said, under the COP Presidency, India will take the conservation of migratory birds to a new paradigm with active cooperation of all the Central Asian Flyway Range Countries. He was speaking after inaugurating the 13th Conference of Parties (COP) of the Convention on the Conservation of Migratory Species (CMS) of Bonn Convention through video conference. The Prime Minister asserted that focused species conservation programmes have shown encouraging results. He said, India has achieved its target of doubling the number of tigers before the committed date of 2022.

The apex Court has directed the Centre to grant permanent commission to all women officers in the Army who opt for it within three months. It said there will not be any bar on giving them command postings. A bench headed by Justice D Y Chandrachud rejected the Centre's argument of physiological limitations and social norms for denying them permanent commission and command postings, saying it is disturbing. The Court also observed that women officers will be eligible for command posts and that barring women in the army from such posts was irrational and against the Right to Equality. Defence Minister Rajnath Singh has welcomed the Supreme Court's judgement on permanent commission for women in the Army.

Singh said, Prime Minister Narendra Modi has supported the idea of permanent commission for women and announced the change in policy in his Independence Day speech in 2019.

A Delhi court has issued a fresh date for execution of death warrants against four death row convicts in the Nirbhaya gang rape and murder case for 3rd of March at 6 A.M. Additional Sessions Judge Dharmender Rana issued fresh warrants against death row convicts -- Mukesh Kumar Singh, Pawan Gupta, Vinay Kumar Sharma and Akshay Kumar. The court was hearing applications by Nirbhaya's parents and the Delhi Government seeking fresh death warrants for the convicts.

Global terror financing watchdog FATF has decided continuation of Pakistan in the ‘Grey List’ and warned the country of stern action if it fails to check flow of money to terror groups like the LeT and The JeM, sources said. The decision was taken at the Financial Action Task Force (FATF) plenary in Paris. The FATF decided to continue Pakistan in the ‘Grey List’. The FATF has also warned Pakistan that if it does not complete a full action plan by June, it could lead to consequences on its businesses, a source said.

In Sri Lanka, a parliamentary oversight committee has recommended ban on face-covering attire including burqa and to suspend the registration of political parties on ethnic and religious basis. The sectoral oversight committee on National security recently made the suggestions in a special report presented to the Parliament offering solutions to 14 controversial issues following the Easter attacks. The report points out that currently many countries have banned the burqa and that the ISIS headquarters in Syria too banned the attire on September 5, 2019. It suggests that the police should have the authority to arrest any person who is willing to uncover their face at a public place when needed to establish identity. The report also called that all students studying in madrasas institutions should be absorbed into the normal school system within a period of three years India and Sri Lanka have signed a memorandum of understanding (MoU) for up-grading of infrastructure in plantation schools for estate workers of Indian origin. The MoU was signed by acting High Commissioner Mr. Vinod. K. Jacob and Secretary, Ministry of Education of Sri Lanka Mr. N.H.M. Chinthamani in Colombo.

The project envisages upgradation of infrastructure of 9 plantation schools as identified by Sri Lanka under an Indian grant assistance of 30 crore rupees. The government of India has been implementing several projects in the field of education, deepening India-Sri Lanka cooperation in the education sector.

India will host the 2022 AFC Women's Asian Cup. The Women's Committee of the Asian Football Confederation (AFC) announced this in Kuala Lumpur, Malaysia. Besides India, Chinese Taipei and Uzbekistan were the other competing candidates. But it was felt that India was best placed among the three bidders. AFC Women's Committee Chairperson Mahfuza Akhter Kiron said India offers the best opportunities to build the event commercially as well as increasing the value. India is also committed to developing the women's game.

Three Indian women wrestlers Divya Kakran, Pinki and Santa Mor have secured gold medals winning their finals at the Asian Championships in New Delhi. Pinki edged out Mongolia's Dulguun 2-1 in the women's 55 kilogram class in the match. Earlier, Divya Kakran became the second Indian woman to win a gold at the Asian Wrestling Championships.

The first-ever Khelo India University Games will take off in Odisha with a mega launch event at the Jawaharlal Nehru Indoor Stadium, Cuttack on February 22, 2020. Honourable Prime Minister Shri. out rate; providing sustainable, quality education; and enhancing the credibility of the system. The University has taken several steps for making the support services effective, which are listed below:

- Evolve a more efficient database management system;
- Sharing of courses and credit exemption/ transfer-leading to award of composite degrees;
- Further strengthen links with public and private institutions and NGOs engaged in education and training;
- All the Study Centres and Regional Centres are well equipped with adequate ICT equipment and other infrastructure to connect them with the Headquarters for prompt data transmission and retrieval, information sharing and redressal of learner difficulties.; provide an opportunity for greater interaction with learners; reduce response time in admission, distribution of material and declaration of results;
- A state of art self learning materials (self instructional materials) is provided to all the learners, which is prepared by a team of best subject experts in the field. The University has a provision to provide soft copy of the self-learning material in place of printed material. A learner opting for the soft copy will be given a discount of 15% in the Programme Fee. The Option to this effect has to be indicated by the learners while filling in the Online Admission Form. Such learners will not be given printed self-learning material.
- Increase use of interactive technology-mediated counselling and induction programmes; from the current session IGNOU is offering three online certificate programmes through online mode viz., Certificate in Russian Language (CRUL), Certificate in Arabic Language (CAL), and Certificate in Tourism Studies (CTS).
- IGNOU is providing learner support from eminent expert and faculties in various subject areas through Gyan Darshan, Gyan Vani and five channels of SWAYAM PRABHA.
- IGNOU operates a 24-hour educational TV channel Gyan Darshan and a radio-cooperative Gyan Vani. There is provision for two-way tele-conferencing, interactive radio counselling, and for relaying educational programmes through local FM radio stations.
- The University shall strive to develop a national network using emerging technologies to meet the challenges of access and equity. The thrust will be on strengthening online delivery of education and establishment of community-based multi-purpose tele-learning centres for ICT-enabled education and training. Web-based methods can supplement the teaching and learning processes for professional, need-based, vocational and other academic programmes.

(IGNOU is an autonomous body under the Ministry of Human Resource Development, Government of India and is the largest Distance Education Institution of the World.)

The Annual deals with all aspects of country’s development - from rural to urban; from industry to science and technology to human resource development. The volumes give a glimpse of flagship programmes of the Government; important events of the year. Over the years it has earned a well-deserved pride of place for researchers, planners, policy makers, academics, media professionals, not to forget the job seekers.

The Publications Division is a repository of books and journals highlighting subjects of national importance, India’s rich cultural and literary heritage. Since its inception in the forties, it is publishing books in English and Hindi as well as in all major Indian languages at affordable prices. In the last few years, the Publications Division has brought out quality books on varied subjects along with literature and literary figures. Such subjects apart from bringing freshness into the repertory make it readable and free from the constraints of topicality.

Publications Division has more than 2000 digitized titles. At present, the Digital Archives has a repository of over 2185 titles. Out of these 405 e-books were put up for sale through various platforms like Amazon and Google Play. Over 35,000 copies of e-books have been sold. Further, DPD also expanded its presence on digital publishing by increasing the total number of titles available to more than 370 on various e-commerce websites in a searchable format downloadable on various electronic devices along with other basketful of user-friendly features.
