BRICS SUMMIT: REAFFIRMING COMMITMENT TO MULTILATERALISM

K R Sudhaman

The 12th BRICS Summit, hosted by Russia this year was held for the first time in virtual format in the face of the Covid-19 pandemic on 17th November, 2020. The virtual summit provided the much needed platform to discuss several issues including terrorism that confront the World community.

The BRICS grouping comprising Brazil-Russia-India-China-South Africa, which together account for 41 per cent of the world population, focused mainly on economic recovery, in the face of the global recession triggered by the pandemic. The five nations account for 50 per cent of the world economic growth, 30 per cent of the world land area and 13.24 per cent of the voting power in the UN.

The Summit’s agenda included intra-BRICS cooperation, key global issues such as reforming the multilateral system, measures to mitigate the impact of the pandemic, counter-terrorism cooperation, trade, health and energy. The five emerging economies, accounting for 24 % of the World GDP, have suffered greatly due to lockdown. Speedy economic recovery therefore is critical for bringing about global as well as their economic stability.

Addressing the virtual BRICS Summit, Prime Minister Narendra Modi stressed that countries that give protection and support to terrorists must be held accountable. He expressed happiness that under Russia’s leadership, BRICS’ counter-terrorism strategy has been given final touch. The Prime Minister’s assertion assumes significance as the theme of this year’s summit is “Global stability. Shared Security and Innovative Growth”. He said India will take it forward during its leadership.

India will take over the chair and host the 13th BRICS Summit in 2021. Emphasizing on ‘Aatmanirbhar Bharat’, PM Modi said India will promote digital health and traditional medicine among BRICS countries during its leadership of BRICS.

GROWING CAREER OPPORTUNITIES IN PHARMACY AND PHARMACEUTICAL SCIENCE

Arti S

As per a recent news report pharmacy jobs have got a boost during the current pandemic. The report on behalf of a job website says that job postings under pharmacy head in February-September 2020 period saw a 56 percent increase. The report further said that between 10000 to 14000 jobs have been added during past six months.

There are about 1.5-1.6 million employees in the sector spread across distribution, manufacturing, retailing and logistics. Out of these about 800000-900000 are in the organized sector.

Pandemic or no pandemic, pharmaceutical sector is always vibrant and pharmacy jobs are always in demand. People fall ill and take medicines to recover from their illness. Even healthy people take nutritional and immunity building supplements. From this analogy, we can understand importance of pharmaceutical sciences and pharmacy jobs in this contemporary world.

As you can see everybody is waiting for a vaccine which can protect them from catching Corona virus. It is taking long as developing a medicine or vaccine requires long experimentation and trials. Any of these has to be tried and tested to become sure that it produces the desired result and doesn’t harm the users. The process of developing a formulation for medicine and vaccine inter alia is a pharmaceutical process and by studying pharmaceutical science, you too can be a contributor in this.

Pharmaceutical science and pharmacy, though inter related, can’t be a replacement for each other. Pharmaceutical scientists with their knowledge of subjects like chemistry, biology and biotechnology; come out with formulations for medicines in solid, liquid and gaseous forms. They play a prominent role in

GROWING CAREER OPPORTUNITIES ...

WWW.JOBRIYA.IN

improving and maintaining human health by researching and developing reliable, accessible and effective medical treatments. Pharmaceutical scientists carry the understanding of medicines on body, mind and their health. Pharmaceutical scientists create new drugs, therapies, and approaches to maximize benefit of established therapies.

Pharmacists are directly involved in patient care and work with existing drugs. As healthcare professionals they provide valuable advice on safe and effective use of medicines and monitor effects of drugs as prescribed by a doctor. They are involved in patient care by performing their duties at pharma manufacturing units, hospitals, medicine stores and as support staff to doctors and medical experts. Pharmacists are also known as chemists or druggists.

Important institutes in pharmaceutical sciences: It will be good to know about different organizations which have a role to play in our country.

Department of Pharmaceuticals, Government of India: Department of Pharmaceuticals was created on the 1st of July in the year 2008 under Ministry of Chemicals and Fertilizers. The objective of the department is to give greater focus and thrust on the development of pharmaceutical sector in the country and to regulate various complex issues related to pricing and availability of medicines at affordable prices, research & development, protection of intellectual property rights and international commitments related to pharmaceutical sector. It has agencies named Indian Drugs and Pharmaceuticals Ltd, Rajasthan Drugs and Pharmaceuticals Ltd., Karnataka Antibiotics and Pharmaceuticals Ltd and Bengal Chemicals and Pharmaceuticals Ltd. working as public sector undertakings. National Pharmaceuticals Pricing Authority also comes under this department.

Pharmacy Council of India: Our parliament had passed Pharmacy Act in 1948. As per provisions of this act Pharmacy Council of India was established as statutory body for regulating Pharmacy Education in the Country for the purpose of registration as a pharmacist and regulating the profession and practice of Pharmacy. It also maintains a Central Register of Pharmacists. Its websites carries a list of approved colleges for conducting Diploma and Bachelors courses in pharmacy.

National Institute of Pharmaceutical Education and Research (NIPER): NIPER has been established as per Act 1998. The vision of NIPER is to serve as a leading global institution in the field of higher learning and research in Pharmaceutical Sciences and Management. It has centres at Ahmedabad, Guwahati, SAS Nagar (Near Mohali, Punjab), Hajipur, Kolkata and Raebareili. NIPER has collaborations with well-known institutes like Harvard Medical School and John Hopkins University in United States. Liverpool John Moores University in United Kingdom among others.

Courses and Educational requirements:

As a specialised discipline study of pharmacy and related subjects can be made after you complete your SSC or 10+2. Many of the students go for Diploma in Pharmacy, commonly known as D.Pharm.

Diploma in Pharmacy is a two years course to which students having 10+2 with science subjects are eligible. This diploma is designed to familiarize candidates with the basic concepts of pharmaceutical science. The course provides the minimum essential qualification to get registered as a Pharmacist in India & operate Retail/ Wholesale & Community Pharmacy and employment as Hospital Pharmacist.

The area of Pharmaceutical Science or Pharmacy is open to only science students i.e. students who have completed their 10+2 with Physics, Biology and Chemistry. On the basis of this qualification one may apply for D.Pharm. or an undergraduate degree in Pharmaceutical Science or Pharmacy. An undergraduate qualification in Pharmacy may come in the form of Bachelor of Pharmacy (B.Pharm) while usually a B.Sc. degree is offered in Pharmaceutical science. Postgraduate courses may have nomenclatures as M.Pharm, M.Sc., M.S. or M.Tech. These courses are mostly on academic or research side. M.B.A. with specialization in pharmaceutical management is also available. There are enough research opportunities in Pharmaceutical science and interested candidates may enroll for a Ph.D in the subject.

Admission process

Different states conduct joint entrance examinations for various undergraduate courses at recognized universities and institutes within their state. Admission to B.Pharm may also be covered under this. Many universities such as Devi Ahilya Visthavaylayada, Indore conduct their own entrance procedure by way of Common Entrance Test (CET) or Common Admission Process (CAP) etc. Questions are asked from physics, chemistry, biology and mathematics subjects.

Graduate Pharmacy Aptitude Test (GPAT) is conducted by National Testing Agency for admission to M.Pharm courses at various recognized institutes. Candidates having completed 4 years B.Pharm course are considered eligible to apply. It is an online test of 3 hours with 125 questions from physical chemistry, physical Pharmacy, organic chemistry, pharmaceutical chemistry, medicinal chemistry, pharmacaceutics, pharmacology, pharmaceutical analysis, biochemistry, biotechnology, microbiology, pathophysiology, bio pharmaceutics, pharmacokinetics, clinical pharmacy and theapeutics, human anatomy and physiology, pharmaceutical engineering, pharmaceutical management, pharmaceutical jurisprudence, dispensing and hospital pharmacy.

Council of Scientific and Industrial Research- University Grants Commission- National Eligibility Test (CSIR-UGC NET): Qualifying this test enable candidates to pursue research programmes and is held twice a year by National Testing Agency. It is also a prerequisite for being awarded Junior Research Fellowships (JRF).

NIPER whose name has been mentioned above conducts two separate tests for admission to postgraduate and doctoral courses available at its centres. These tests are known as NIPER JEE and NIPER JEE Ph.D. NIPER JEE has a common paper for all Masters Programs including M.B.A. (Pharm.). The question paper consists of 200 objectives multiple type choice questions. The level of questions is of the level of M.S. (Pharm.); M.Pharm.; M.Tech. and M.V.Sc.; M.D. and M.Sc. (in relevant discipline) level. Each discipline will also have questions from general pharmaceutical sciences and general aptitude. Duration of this online examination is 2 hours.

Candidates successful in written test under NIPER JEE Ph.D are required to appear for interview and final score is prepared by joining the marks obtained both in written test and interview.

Subjects of study: As per syllabus prescribed by the Pharmacy Council in India at undergraduate level following subjects are covered- human anatomy and physiology, pharmaceutical analysis, remidal biology, pharmacutes, pharmaceutical organic and inorganic chemistry, biochemistry, pathophysiology, computer applications in pharmacy, biotechnology, biochemistry, environmental science, physical pharmacy, pharmaceutical microbiology, pharmaceutical engineering, medicinal chemistry. At postgraduate level you go deeper into the above subjects with particular focus on pharmacognosy and phytochemistry, industrial pharmacy, pharmaceutics and pharmacokinetics, herbal drug technology, quality assurance, pharmacy practice, novel drug delivery system, biostatistics, research methodology, social and preventive pharmacy, pharmacy marketing management pharmaceutical regulatory science pharmacy, pharmacovigilance, computer aided drug design, cell and molecular biology, cosmetic science, experimental pharmacology, advanced instrumentation techniques, dietary supplements and nutraceuticals.

Where to study

Given below is an indicative list (in no particular order) of universities which have diploma, undergraduate and postgraduate courses in pharmacy or Pharmaceutical sciences- Institute of Chemical Technology, Mumbai Poona College of Pharmacy Maharaja Sayaji Rao University, Baroda Delhi School of Pharmaceutical Sciences and Research Government College of Pharmacy, Amravati Jadavpur University, Kolkata Government College of Pharmacy, Aurangabad

STIPEND: Rate of stipend payable to apprentices per month shall be as prescribed under Apprentices Act, 1961/1973/Apprentices Rules 1992 and as amended from time to time.

Age: Minimum 18 years and Maximum 24 years as on 31.10.2020 (Relaxable by 5 years for SC/ST i.e. up to a maximum of 29 yrs. 3 years for OBC i.e. up to a max. of 27 years for the posts reserved for them). Candidates belonging to PwBD categories shall be given age relaxation up to 10 years (up to 15 years for SC/ST) and up to 13 years for OBC-NCL candidates.

E. Concessions/Relaxation:

1. The candidates will have to qualify successfully through each stage of the selection process i.e. Written Test (Minimum 40%, relaxable by 5% for candidates from SC/ST/PwBD categories against reserved positions) and Pre-engagement medical fitness for being adjudged suitable for engagement.
2. SC/ST/PwBD candidates appearing for Written Test will be reimbursed single second class railway fare from the nearest railway station of the mailing address to the place of test and back by the shortest route on production of ticket, provided the distance is not less than 30 KMs.
3. SC/ST/OBC (NCL-Non Creamy Layer) candidates applying for Unreserved (UR) seats shall be considered subject to their fulfilling the standards applicable to candidates belonging to General category.

Educational Qualifications:

- Trade Apprentice—Metric (Class X) with 2 yrs. full time ITI/ Fitter/Electrician/Electronic Mechanic/Instrument Mechanic/Machinist.
- Trade Apprentice (Accountant) - Graduate in any discipline with minimum 50% marks in aggregate for General and OBC & 45% in case of SC/ST/PwBD candidates for reserved positions from a recognized Institute/University.
- Trade Apprentice-Data Entry Operator (Fresher) - Minimum 12th Pass (but below Graduate).
- Trade Apprentice-Data Entry Operator (Skilled Certificate Holders) - Minimum 12th Pass (but below Graduate). Additionally, candidates should possess Skill Certificate of 'Domestic Data Entry Operator' for training of less than one year issued by an awarding body recognized under National Skill Qualifications Framework or any other authority recognized by the Central Government.

Full text of the Advertisement including details of stipend, relaxations, concessions, reservations, etc. is available in our Corporate website www.iocll.com or at (http://www.iocl.com/PeopleCareers/job.aspx).

How to apply: Interested candidates meeting the prescribed eligibility criteria may apply through the above mentioned website. Opening Date of Portal for receipt of applications is 27th November 2020 from 10 a.m and closing date for receipt of on-line applications is 12th December 2020 @ 5 p.m. Any subsequent notification/amendment in the matter shall be notified in www.iocll.com only.

Note: 'The Corporation shall have no obligation to give regular employment to Apprentices. The Apprentices shall have no right to claim regular employment from the Corporation on the basis of this Apprenticeship at any point of time. This Apprenticeship shall not create any liability on IOCL for providing any job to the Apprentice'.
Applications are invited for various technical posts (middle to senior level) on contract & on a consolidated salary. The details regarding the post & how to apply are available at our website: www.cdac.in. Interested candidates may visit “careers” page of www.cdac.in for detailed notification and to apply online on or before December 8, 2020.

Note: Addendum/further communication in this regard, if any, will be notified in C-DAC’s website only.

Address: C-DAC, Guilmohar Cross Rd. No. 9, Juhu, Mumbai-400049 (Advt. No.: CDACM/Cons/22/2020)
