INDIAN REPUBLIC ON A STEADY TRAJECTORY

N R Mohanty

As India commemorates the 72nd Republic Day on January 26, our thoughts go out to the framers of the Indian constitution: they were indeed men of asolute foresight. The document they prepared for the governance of India has not only survived the trials and tribulations in the past seven decades, but has also fostered India as the largest democracy of the world.

But then this journey for over seven decades has not been without ups and downs. The Indian Constitution has come under attack at various points of time in very many ways; but each time we, as a nation, have succeeded in resisting the onslaught and preserving our Republican character.

What is the Republican character that the founding fathers had envisaged for an independent India? For sure, a democratic

Happy Republic Day

STUDY AND CAREER OPPORTUNITIES AFTER 10+2

Arti S

As the employment landscape is undergoing a shift, students and parents are now spending more time and energy to explore greater options for both study and career. It is good to see such awareness. Both education and career have a pivotal effect on our way of life. In a way this is a positive development as more streams have opened up and this means a greater range of career options for students to choose from. All this is welcome. However, let us not forget the fact that with more options comes more confusion and thus, it becomes necessary to exercise caution in the choices we make.

When it comes to education, 10+2 is an important milestone in one’s life. Students have to make a very important decision to continue with the stream chosen at 10+2 or to change to some other stream. Those who decide to remain with their earlier choice also have to choose a line of study. For example, a science student can choose from many options within the discipline like choosing BSc (general) or biotechnology, biochemistry etc.

The biggest question is on what basis should you choose your course of further study. Before we look for an answer to this question, let it be known what shouldn’t be the basis. One of this is following the generalised examples around us. A few case studies will explain this. Anshula, after completing her degree in fashion technology got employed in a Singapore based fashion enterprise. Impressed by this, her cousin Mohana also joined a fashion designing course. It has been nearly a year and she is still struggling to get work that can pay her a reasonable amount. In another case, Rohan and Shahid who have been close friends, both took admission in a good private engineering college, as they couldn’t qualify the JEE. Shahid is doing well while in just

Continued on page 2
STUDY AND CAREER OPPORTUNITIES AFTER 10+2

four or five weeks, Rohan felt that engineering is not his cup of tea. His parents have been supportive. They agreed to his decision to withdraw and join the Bachelor of Business Administration course which Rohan felt suits him better.

Let us accept the fact that each of us has been wired differently and what works for one is not necessarily going to work for the other in the same manner. So, before you make any decision in life, you should explore and evaluate the options and then make a choice which works best for you.

Remember that the choice you make after 10+2 is not an end in itself. It is a stepping stone to where you want to go to, what you want to do further and what career you want to pursue. In certain cases, your undergraduate degree (or any other qualification) may land you a job or make you eligible to appear for specific competitive examinations. In other cases, it acts as the foundation of your higher studies as these days many students prefer to have at least a Masters' degree before they start looking for work. Think about what you want to do with your undergraduate course and then it will be easier for you to decide. Now let us talk about different options.

Engineering: Although other disciplines have been mentioned in a random order, engineering has been listed first as it is the most sought-after by students. We’ll divide engineering studies into two segments.

Core Engineering: The path for core engineering courses is straight. To become an engineer, you should pass your 10+2 with physics, chemistry, and mathematics group. Indian Institutes of Technology are in great demand by engineering aspirants. For long, only 5 IITs existed in the country. But many others have now opened at places like Guwahati, Patna, Jodhpur etc. To join the IITs, you need to qualify the Joint Entrance Examination (JEE). After IITs, come the National Institutes of Technology, which are also government institutions. There are independent and university-affiliated engineering colleges too, managed either by government or private bodies, spread across the country. In many states, their technical education boards conduct the entrance examination, while some institutes have their own independent tests. You have abundant choices with respect to branches of engineering. You may go with the most common ones like information technology, mechanical, electrical and chemical among others. Integrated courses of engineering and management (B.Tech + MBA) are also available and the five-year courses help save a year. However, you should focus on the quality of the course and not just on saving a year.

Emerging areas in Engineering/ Technology: As we can see new areas of engineering and technology are emerging while bringing with them new career opportunities. These areas include cloud computing, machine learning, artificial intelligence, data analytics, blockchain technology, internet of things, cybersecurity, mobile computing among others. Centre for Development of Advanced Computing (C-DAC), National Institute of Electronics and Information Technology (NIELIT) and some other engineering institutes provide training in those domains. Those who already have some of these qualifications may also join such courses. In some cases, these courses are open to students after 10+2.

Medicine: For medicine the highest demand is for MBBS degree. Next in line is the BDS, which is a dental science course. Both of these courses are of five and a half years including a one-year internship. Admission to these courses is based on the performance in the National Eligibility Entrance Test better known as NEET, in comparison to engineering institutes, the number of medical education providers is much less, hence the competition may be more. A course like BAMS could also be considered. There are independent courses in Unani, Siddha and Homeopathic medicine. Bachelor of Pharmacy is another medical course with a duration of four and a half years inclusive of a six-month internship.

These interested in treating pets, animals and birds have the option to join the Bachelor of Veterinary Science.

Another option in medical stream is nursing. The duration of BSC (Nursing) is 4 years. Contrary to popular belief, men can also take up nursing as a career. Bachelor of Pharmacy, a course related to medicines is also available after 10+2.

Science: There are multiple options for aspirants of a science degree. You may choose from a basket of science subjects like Physics, Chemistry, Botany, Zoology etc. This option leaves you the opportunity to pursue your postgraduation in one of these subjects. The other options are choosing a BSc course in biotechnology, microbiology, bioinformatics, food science etc. Five-year integrated courses (BS-MS) are also good options. These are available at government-run Indian Institute of Science Education and Research’s (IISER) at seven centres located at Berhampur, Pune, Kolkata, Bhopal, Thiruvananthapuram, Mohali and Tirupati. Admission is through the IISER aptitude test.

Law: Until a few years ago, a law degree (LLB) could only be pursued after graduation. This option still exists but now more and more students are opting for the five-year integrated graduate course in law, straight after completing 10+2 with any subject. There are more than 21 National Law Universities in the country where you can pursue this course. Admission is based on the score obtained in the Common Law Admission Test (CLAT) conducted every year. CLAT score is also accepted by many other institutes. In a few cases, you may be able to choose your degree combination such as - BA LLB; BSc LLB; BCom LLB or BBA LLB. A small number of private universities conduct their own entrance examinations.

Design: The National Institute of Design has pioneered design education in India. After that, mainly in the past decade, many more institutes have started offering courses in design. National Institute of Fashion Technology has been established by the central government to offer courses in fashion design. There are multiple choices to choose from to specialise in designing which include textile, leather, ceramic, interior, product, accessories, graphic, and film design etc. There are exclusive tracks like the National Institute of Design-Pradhan Adhyatmik (NID-PAD), Common Entrance Examination for Design (CEED), NIFT entrance examination and others to enrol in a design course.

Fine Arts: This is another area not many people are aware of. Students with a creative bent of mind may explore a course like Bachelor of Fine Arts (BFA) in which many sub-branches are available. These include painting, metal work, sculpture, textile, ceramics and interior decoration among others. Sir J. J. School of Arts is quite famous for its courses in fine arts. However, a BFA degree cannot be obtained from a number of universities and affiliated colleges.

Agriculture: Studying agriculture doesn’t mean that the student will necessarily become a farmer. Various jobs and higher education opportunities are available to agriculture graduates. However, they can also take up scientific, high-tech agriculture and related activities. BSc (agriculture) takes four years to complete. Almost every university offers courses in agriculture. Plus, there are a number of agricultural universities spread across the country. In most of the cases, admission is based on the marks scored in 10+2 science group.

Related to agriculture, there are other courses viz. dairy science, fisheries, forestry, environmental science etc.

Planning: Planning can be seen as a stand-alone discipline and also in conjunction with architecture. After completing an undergraduate degree in planning, a qualified person has the opportunity to work as an environment planner, landscape planner, city planner etc. School of Planning and Architecture, New Delhi and Bhopal are among the best institutes to pursue courses in planning. In addition to these government institutes, a few private universities also have courses in planning.

Architecture: Architecture is the science of designing buildings and other such structures. Those willing to work as an architect can enrol for a Bachelor of Architecture course of five years. For admission, one has to take the National Aptitude Test in Architecture (NATA) conducted by the Council of Architecture, Government of India. NATA is conducted twice a year.

Business Management: MBA is a well-known course and many of the students, irrespective of the discipline chosen by them at the UG level, plan to study for a master's degree/diploma in management. Graduates in business management/administration was introduced much later. The duration of Bachelor of Business Management (BBM) / administration (BBA) is three years. Basis of admission differs from institute to institute. Mostly it is entrance-based while few institutes may offer merit-based admission. Students from any discipline may join business management/administration course. In a few cases, courses with specialisations like BBA in banking or insurance are available. Five-year integrated course comprising of BBA and MBA are offered at some institutions such as the Indian Institute of Management, Indore/Roorkee.

Undergraduate courses in sports/hotel/travel and tourism management are also available.

Commerce: A bachelor of commerce has become a generic qualification for those seeking a career in accounting, finance or related disciplines. It's a 3-year course with specialisations in banking and computer science also available. B Com courses are available in most universities while prestigious names include the Shriram College of Commerce, New Delhi.

Mathematics/Statistics: These two subjects can be taken in combination with other subjects in a BSc or BA course. Otherwise you may join programmes like BSc maths or statistics at the prestigious
COVID-19 VACCINE: FREQUENTLY ASKED QUESTIONS

Target Group: Healthcare providers / Frontline workers

<table>
<thead>
<tr>
<th>Question</th>
<th>Potential response</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Why am I being chosen for COVID-19 vaccine?</td>
<td>Government of India has prioritised the most at risk/ high risk groups which will get the vaccine first. Healthcare providers have led the battle against COVID-19 from the front. The government wants you to be able to continue your work, without the fear of risk associated with the virus. Therefore, healthcare and frontline workers are among the first group of people to be vaccinated in the country.</td>
</tr>
<tr>
<td>2. What are the groups to be vaccinated in the first phase?</td>
<td>Based on the potential availability of vaccines the Government of India has selected the priority groups who will be vaccinated on priority as they are at higher risk. The first group includes healthcare workers because they are at high risk of contracting the infection and protecting them helps to sustain essential health services. The vaccination of frontline workers will help in reducing the societal and economic impact by reducing COVID-19 mortalities. The next group to receive COVID-19 vaccine will be persons over 50 years of age and persons under 50 years with comorbid conditions because there is high mortality in this category. The reason for including more than 50 years of age group for vaccination is that it will be able to cover 70% of persons having co-morbidities and thereby reduce mortality on account of COVID-19. More than 50 years of age group is divided into two sub groups. One sub group is 60 years and above, they will be vaccinated first. Second subgroup is between 50 to 60 years age group, they will be vaccinated after the first sub group is covered. The vaccination may not be sequential. It can go in parallel for all beneficiaries depending on the availability of the vaccine.</td>
</tr>
<tr>
<td>3. Will my family members also be given the vaccine?</td>
<td>Due to the limited vaccine supply in the initial phase, it will first be provided to people who are at higher risk of contracting COVID-19. In subsequent phases the COVID-19 vaccine will be made available to all others in need of the same.</td>
</tr>
<tr>
<td>4. Is this vaccine safe?</td>
<td>Yes. Safety and efficacy of vaccine will be ensured through various phases of vaccine trials and only then a vaccine will be introduced.</td>
</tr>
<tr>
<td>5. Does one need to take preventive measures such as wearing a mask, hand sanitization, social distancing after receiving the COVID-19 vaccine?</td>
<td>Even after receiving the COVID-19 vaccine, we must continue taking all precautions like use of face cover or masks, hand sanitization and maintain social distancing (6 feet or 2 Gog). These measures must be followed both at the session site and in general.</td>
</tr>
<tr>
<td>6. Are there any common side effects of this vaccine?</td>
<td>The COVID-19 vaccine will be safe and effective but may have minor side effects like fever, pain, etc. at the injection site. These effects can happen in any vaccine.</td>
</tr>

Qualification for the post of Principal:
1. A master's degree with at least 55% marks or an equivalent grade in a point scale wherever grading system is followed by a recognized university.
2. A Ph.D. degree in concerned/related/relevant discipline(s) in the institution concerned with evidence of published work and guidance.
3. Associate Professor/Professor with a total experience of fifteen years of teaching (15 years) or research/administration in university/college, or other institutions of higher education.
4. A minimum score as stipulated in the Academic Performance Indicator (API) based on Performance Based Appraisal System (PBAS), as set out in this regulation of UGC/UGC for direct recruitment of Professor/Principal in college.
5. Ability to teach through the medium of Sanskrit.
6. Ph. D. or equivalent qualification.

Eligibility condition for position of Principal mentioned as above and required experience levels for this job position of principal are as follows.

Desirable:
1. Excellent research work of outstanding value.
2. Ability to guide research students/Teaching master classes with Sanskrit medium/Post graduate research work.
3. Knowledge of Sanskrit, Hindi etc.
4. Knowledge of textual criticism and manuscriptology.
5. Knowledge of administrative procedure.

Qualification for the post of Assistant Professor:

1. Consistently good academic record with a first or second class (55% above or marks or equivalent grade of 'B' in 'B' in point scale) with letter grade A B C D E and F in post-graduation or an equivalent degree from a recognized examining body in the subject concerned.
2. Ability to teach through the medium of Sanskrit/Hindi/related language.

Desirable:
1. Research degree in concerned subject or published research work of outstanding value.
2. Knowledge of textual criticism and manuscripts.
4. Ability of guiding research students.

Note: Besides fulfilling the above qualification 'NET' shall remain the compulsory requirement for appointment as Assistant Professor for those with post-graduation degree. However, the candidate having Ph.D. degree (As per 2009/2016 UGC rules) in the concerned subject are exempted from 'NET' for PG level and UG level teaching. Application containing details of academic qualification and experience supported by attested photocopies of original documents along with fee of Rs. 1000 - in the form of a crossed demand draft drawn in favour of The Principal, S.D. Adarsh Sankranti Mahaviyayala, Dugri, Dist. Una (H.P.) 174307 send to Dr. Mathura Das Sharma (Acting-Principal) under Regd. post within 30 days of advertisement appeared in the newspaper.

SC/ST persons with disability and women candidates are exempted from the prescribed fees as per rule of Govt. of India.

General Conditions:
1. The latest passport size photograph of the candidate should be affixed on the application form.
2. The Adarsh Sankranti Mahaviyayala reserves the right to fill up or not to fill up the post without assigning any reason.
3. Candidate must send two sets of their publications, if any, along with the application form.
4. Candidate will have to present themselves for the interview at their own expense.
5. SC/ST persons with disability will be paid to and the T.A. only for ordinary two-class fare on producing railway ticket/ordinary bus ticket.
6. Candidate already in service must submit their application through proper channel. They may however send an advance copy, but if called for interview they must produce "No Objection Certificate" from their employers.
7. Candidate should bring all certificates original at the time of interview.
8. The appointees will be the employees of S. D. Adarsh Sankranti Mahaviyayala, Dugri, Dist. Una (H.P.) and not of Government of India or Central Sankranti University, Delhi. They will be governed by the provisions of the scheme as applicable from time to time.

EN 37/27

REGISTRAR
Commission for Agricultural Costs and Prices
Department of Agriculture, Cooperation & Farmers Welfare

Filling up one post of Stenographer, Grade-I in Commission for Agricultural Costs and Prices by Competitive method (Deputation or promotion).

Applications are invited from eligible and suitable officials for filling up one post of Stenographer, Grade-I in Commission for Agricultural Costs and Prices (An attached office under the Department of Agriculture, Cooperation & Farmers Welfare) in the Level-6 (Rs. 35400-112400) of Pay Matrix by Competitive method (Deputation or promotion). Details of the post and eligibility conditions are available on Commission for Agricultural Costs and Prices (CACP)’s website: https://cacr.dacnet.nic.in (Link-Vacancies) and also on Department-Website: Agriculture, Cooperation & Farmers Welfare’s website www.agricoop.nic.in (Link - Recruitment).

2. Applications of only such officials/candidates will be considered as are routed through proper channel and are accompanied by
(i) bio data (in duplicate) as per proforma (Annexure-II),
(ii) Photocopies of APRs for the last five years attested (signed & stamped) on each page by an officer not below the rank of Under Secretary to the Government of India level, and (iii) Certificate (s) etc. certifying that particulars furnished by the officer are correct and he/she fulfils eligibility criteria mentioned in the Vacancy Circular/Advertisement and certificates regarding Vigilance Clearance, Integrity and Major/Minor Penalty, at the end of bio-data. Complete advertisement (Annexure-I), Bio-data format & IC, VC, MMP etc. (Annexure-II) are available on Commission for Agricultural Costs and Prices (CACP)’s website: https://cacr.dacnet.nic.in (Link-Vacancies) also on Department of Agriculture, Cooperation & Farmers Welfare’s website www.agricoop.nic.in (Link - Recruitment).

3. It is, therefore, requested that applications of willing and eligible officers who can be spared immediately in the event of selection may be sent to Shri Sudhir Kumar Tevata, Administrative Officer, Commission for Agricultural Costs and Prices (CACP), Room No. 217, F-Wing, Shastri Bhawan, New Delhi-110001 within a period of 30 days from the date of publication of this advertisement in Employment News.

Advance copies of applications or those received after the prescribed closing date or not accompanied by supporting certificates/documents in support of Qualification and Experience claimed by the candidates would not be processed for determining the eligibility of the candidates for the selection and shall be liable to be rejected.

Any candidate who apply for the post will not be allowed to withdraw their candidature subsequently. The pay of the officers selected for appointment on deputation basis will be regulated in terms of DOP’s OM No. 6/8/2009-Dat. (Pay II) dated 17.06.2015, as amended from time to time.

(Sudhir Kumar Tevata) Administrative Officer

Chief Administrative Officer, CEC

EN 37/23
Ministry of Information and Broadcasting
"A" Wing, Shastri Bhawan, New Delhi-110001

Filling up of one post of Director General in Films Division, Mumbai. It is proposed to fill up one post of Director General, General Central Service, Group "A" Gazetted (Non-Ministerial) in the Higher Administrative Grade Rs. 67000-70000/- (Level 15 as per 7th CPC Pay Matrix) in Films Division, Mumbai which is a subordinate office under the Ministry of Information and Broadcasting. The post is to be filled by deputation (including short-term contract) from amongst the officers under the Central or State Governments or Union Territory Administrations or Universities or Recognized Research Institutions or Public Sector Undertakings or Semi Statutory or Statutory or Autonomous Organizations:

(a) (i) Holding analogous post on regular basis in the parent cadre or department;

(b) With three years' service in the grade rendered after appointment thereto on a regular basis in Pay Band-4 with Grade Pay of Rs. 10000/- as per 7th CPC Pay Matrix in the parent cadre or department; and

(b) Possessing the following educational qualifications and experience:-

Essential:

(i) Degree of a recognized University or equivalent and

(ii) 5 years' experience out of which at least 5 years' experience shall be in senior executive position and 5 years' experience in Personnel Management and Administration or Mass Media Management or Mass Media Development in a Government or a public body or in an Autonomous Organization.

Desirable:

(i) Degree or Diploma of minimum 2 years' duration in Cinematography or Direction or

(ii) Broad knowledge of areas like production of motion picture films or short films or video films, finance, personnel, history, culture and current affairs.

Note-1: The Departmental candidate holding the post of Additional General in Pay Band-4 with Grade Pay of Rs. 10000/- (Level 14 as per 7th CPC Pay Matrix) with three years regular service, shall also be considered along with departmental candidates if the departmental candidate is selected, the post shall be deemed to have been filled by promotion.

Note-2: Period of deputation (including Short Term Contract) in another ex-cadre post held immediately preceding this appointment shall ordinarily not exceed 5 years.

The requirement is not for deputation by deputation (including Short Term Contract) shall not exceed 5 years as on the closing date of the receipt of applications.

Note-3: For the purpose of computing minimum qualifying service for promotion, the service rendered on a regular basis by an officer prior to 01.01.2006, the date from which revised pay structure based on the 6th CPC recommendations has been extended, shall be deemed to be service rendered in the corresponding pay scale extended based on the recommendations of the Pay Commission.

Note-4: For the purpose of appointment or deputation (excluding Short Term Contract) basis, the service rendered on a regular basis by an officer prior to 01.01.2006, the date from which revised pay structure based on the 6th CPC recommendations has been extended, shall be deemed to be service rendered in the corresponding pay scale extended based on the recommendations of the Commission except where there has been merger of more than one pre-revised scale of pay of one grade or common grade pay or pay scale, in which case the revised pay scale will be extended only for the post(s) for which that grade pay or pay scale is the normal replacement grade pay or any upgradation.

2. The pay and allowances of the Officers selected will be regulated in accordance with the Department of Personnel and Training's O.M. No. 6/2009-Est. (Pay 2) dated the 17th June, 2010 as amended from time to time.

3. It is requested that the applications of the Officers, who are eligible and can be spared immediately in the event of their selection, may be sent to this Ministry (in duplicate) through proper channel in the proforma at Annexure, addressed to Director (Films), Ministry of Information & Broadcasting, Room No. 122-C, A-Wing, Shastri Bhawan, New Delhi-110001 along with their bio-data and up-to-date Confidential Reports/APARs of last five years within 60 days from the date of publication of this advertisement in the Employment News. While forwarding the applications, it is requested also to furnish a caste certificate, a integrity certificate in respect of the officer in addition to Vigilance Clearance and also a certificate to the effect that no major/minor penal case was/is pending against the officer during last 10 years (all in ORIGINAL). No application will be entertained which is found incomplete or received after the last date of submission and if or which has been forwarded without complete and up-to-date character rolls, Vigilance Clearance and other documents duly verified by an officer not below the rank of Under Secretary to the Government of India.

(Dhanpreet Kaur)

# CONVERGENCE ENERGY SERVICES LIMITED

(A wholly owned subsidiary of EESL)

5th & 6th Floor, Core-3, SCOPE Complex, Lodhi Road, New Delhi-110003

**Date:** 05.01.2021

## RECRUITMENT FOR VARIOUS SENIOR LEVEL POSITIONS ON REGULAR AND CONTRACTUAL BASIS

Convergence Energy Services Limited (CESL) is a newly established subsidiary of state-owned Energy Efficiency Services Limited (EESL), itself a joint venture of public sector companies under the Ministry of Power, Government of India. CESL is focused on delivering clean, affordable, and reliable energy. Convergence focuses on energy solutions that lie at the confluence of renewable energy, electric mobility and climate change. It builds upon the decentralised solar development experience in under-served rural communities in India, and over time, using battery energy storage, will deliver renewable energy solutions to power agricultural pumps, street lighting, domestic lighting and cooking appliances in villages. CESL will also work to enable battery powered electric mobility and its infrastructure and design business models to increase the uptake of electric vehicles in India. To enable commercialization of these solutions at scale, Convergence will employ business models that utilize a blend of concessional and commercial capital, carbon finance and grants as appropriate.

CESL is looking for enthusiastic, committed professionals with experience at various levels. Full list of vacancies in Regular and Contractual positions are as detailed below:

ADVERTISMENT

The Central Water & Power Research Station, Pune, - a premier organization under Ministry of Jal Shakti, Department of Water Resources, River Development & Ganga Rejuvenation, is providing specialized services through physical and mathematical model studies in river training and flood control, hydraulic structures, harbors, coastal protection, foundation engineering, construction materials, pumps and turbines, ship hydraulics and design of bridges, environmental studies, each sciences and coding water intakes.

2. One post of DIRECTOR, Central Water & Power Research Station, Pune - a specialist officer under Ministry of Jal Shakti, Department of Water Resources, River Development & Ganga Rejuvenation, in Pay level of 14 of Pay Matrix (Rs. 144200 - 218200)- (Pay Band-4, Rs. 37400-67000/- plus Grade Pay Rs. 10000 pre-revised) is required to be filled by deputation (including short term contract) from amongst officers under Central or State Governments or Union Territories or Public Sector Undertakings or Universities or Recognized Research Institutions or Semi-Government or Autonomous or Statutory Organisations.

A (i) holding analogous posts on regular basis in the parent cadre or department; or (ii) 2 years regular service in the grade rendered after appointment thereto on regular basis in the scale of Pay Level-13 (Rs. 131100 - 216600/-) (Rs. 37400-67000/- plus grade pay of Rs. 68500/- in pay band-4 pre-revised) or equivalent in parent cadre or department; or (iii) with 3 years regular service in the grade rendered after appointment thereto on regular basis in the scale of Pay Level-13 (Rs. 131100 - 216600/-) (Rs. 37400-67000/- plus grade pay of Rs. 87000/- in pay band-4 pre-revised) or equivalent in parent cadre or department; or (iv) having experience in applied research in the field of hydraulic or hydraulic structures or water resources or coastal engineering or other areas of hydraulic research.

B. having experienced in applied research in the field of hydraulic or hydraulic structures or water resources or coastal engineering or other areas of hydraulic research. The Departmental officers in the feeder category who are in direct line of promotion will not be eligible for consideration for appointment on deputation. Similarly deputationists shall not be eligible for promotion to a higher grade post.

Period of deputation including Short Term Contract including the period of deputation or Short Term Contract in another ex-cadre post held immediately preceding this appointment in the same or some other organization or department of Central Government shall ordinarily not exceed three years. The maximum age limit for appointment by deputation (including Short Term Contract) shall not exceed 65 years as on the closing date of the receipt of applications.

Note: For the purpose of appointment on deputation basis, the service rendered on a regular basis by an officer prior to 01.01.2012 (the date from which the revised pay structure based on the 6th Central Pay Commission recommendations has been extended) shall be deemed to be service rendered in the corresponding grade pay or pay scale extended based on the recommendation of the Pay Commission except where there has been merger of more than one pre-revised scale of pay into one grade-with a common grade pay or pay scale and where this benefit will extend only for post (a) for which that grade pay or pay scale is the normal replacement grade pay or any upper grade.

3. The pay of selected officers will be fixed in accordance with the provisions contained in the Department of Personnel & Training (O.M. No. 22/09/1 -Pay-II), dated 03.01.1994 as amended from time to time.

4. Interested and eligible officers may send their applications (in duplicate) in the prescribed proforma (Annexure-A) to Under Secretary, E-R (email ID: etwomr@nic.in) Ministry of Jal Shakti, Department of Water Resources, River Development & Ganga Rejuvenation, Room No. 435, Shram Bhavan, Raj Marg, New Delhi-110001, through the concerned officer in the cadre or department within 45 days from the date of issue of this advertisement. The closing date for receipt of application from candidates from Assam, Meghalaya, Arunachal Pradesh, Mizoram, Manipur, Nagaland, Tripura, Sikkim, Ladakh (UT), Lakhak & Split District and Pangi Sub-Division of Chamba District of Himachal Pradesh and Nicobar Island or Lakshadweep or aadmar will be 82 days from the date of publication of advertisement. While forwarding applications along with attested copies of ACRs for the last 5 years, Integrity Certificate and No Penalty Certificate during the last 10 years in respect of the officers, the Cadre/Parent Authority should certify that the particulars furnished by the officers are correct and that no vigilance/disciplinary cases pending or contemplated against the officer(s). Applications received after the last date or without copies of ACRs/ Integrity Certificate/No Penalty Certificate/Vigilance Clearance Certificate or otherwise found incomplete will not be considered.

5. The Advertisement along with Annexure-A is also available in the Website www.mwgr.gov.in.

**Department of Justice**

**Ministry of Law & Justice (Government of India)**

Department of Justice seeks to engage following Consultants on Contract basis, initially for a period of three months (which may be extended on need basis) in monitoring various schemes in Department of Justice including data compilation and trend analysis -

1. Designation: Consultant  
   Remuneration (per month): Rs. 8,000 lakhs P.M.  
   Essential qualifications and experience needed
2. Essential Degree: Bachelor of Law/Master of Business Administration.  
   Desirable: Post Graduation in Law (LLM).  
   Experience: Minimum of one year of experience in the field of legal services, monitoring and evaluation of National or International programmes/Projects to improve governance for public good with knowledge of computers and data analysis.

Upper Age Limit: 35 years (As on 15.02.2021).

**Name of Post**: Consultant

**Job description and terms of engagement are available on the Ministry's website www.doj.gov.in. Remuneration indicated is all inclusive and consolidated with no additional benefits. Eligible candidates may send their applications by 15.02.2021 in prescribed format with self-attested copies of certificates, qualification and experience along with email to: raghavender.gr@nic.in.**

Applicants should submit along with their application a resume in bio-data format with two copies of 200 words each. The first note will be a Statement of Purpose, on why the applicant is applying for this job. The second note will be on “What new ideas and new work ethics the applicant will bring into the course of the Department of Justice”. For final selection, shortlisted candidates will be given topics (by the Department) to write a paper, the modalities of which would be sent separately to the selected candidates. The technical applications received incomplete or after due date shall not be entertained. Only short-listed candidates will be intimated. The Department of Justice reserves the right to reject any application or all applications without assigning any reason.

**Note:**
1. (i) Number of posts may vary.
2. Separate application(s) may be submitted if a candidate is applying for more than one post.
3. Department reserves the right to cancel/withdraw the vacancy. Applicants may see Commission’s website for update of information in this regard.
4. Last date for receipt of application is 30 days from the date of publication of the advertisement in Employment News. Applications received beyond the date will not be entertained.
5. Detailed eligibility conditions of above posts and Profile of application are available in the Commission’s website www.nhrclnic.in.

(D. M. Tripathy)

PART A  Synonyms
( ) extravagant  ( ) profane  ( ) profligate
( ) wasteful  ( ) dirty
15. Q1. Friendship is always reciprocal ( ) mutual  ( ) one-sided  ( ) shared  ( ) corresponding
16. The debate was highly stimulating ( ) arousing ( ) boring ( ) sitting
17. Malaria is a widespread disease. ( ) endemic  ( ) pervasive ( ) common  ( ) rare
18. The bill received a unanimous resistance from the opposition party in the Parliament. ( ) animated  ( ) apathetic ( ) fervent ( ) vigorous
19. He has been obstinate for a month before/after ( ) stubborn ( ) dogged ( ) amenable ( ) rigid
20. Mahatma Gandhi was one of the most prominent leaders of his time. ( ) renowned ( ) recognizable ( ) eminent ( ) unknown

Q2. The imagery used in the poem is vivid ( ) lively ( ) inert ( ) distinct ( ) subtle
23. A human being is always vulnerable to other beings. ( ) resilient ( ) elastic ( ) flexible ( ) dense
27. His language is political and vitriolic ( ) imaginative ( ) sprightly ( ) amusing ( ) abusive
28. The Managing Director of the company declared that he is broke and they are going to seek support from the government. ( ) bankrupt ( ) rich ( ) unemployed ( ) having liabilities
29. He loves doing nasty things. ( ) nice ( ) vicious ( ) fastidious ( ) finicky
30. He could not muster courage to speak the truth before his friend. ( ) ragged ( ) good ( ) gather ( ) gait

Antonyms
Directions : Each item in this section consists of a sentence with an underlined word followed by four options. Select the option that is opposite in meaning to the underlined word and mark your response in your Answer Sheet accordingly.
31. His conversations are always absurd ( ) factual  ( ) foolish  ( ) preposterous  ( ) rational
32. Q12. The politician was a dissident  ( ) agnostic  ( ) rebel  ( ) conformist  ( ) revolutionary
33. Q13. He wrote an incisive article on corruption in politics. ( ) vague  ( ) penetrating ( ) chauvinistic  ( ) precise
34. Q14. Rakshas is an eerie

Q29. A time slot of fifteen minutes(a), are allowed(b), to each speaker(c). No error(d)
Q30. No, it is not. Whether either of the brothers(b), were at home(c), No error(d)

Idioms & Phrases
Directions: Given below are some idioms/phrases followed by four alternative meanings to each one of the response (a), (b), (c) or (d) which is the most appropriate expression.
31. Q31. Be over the hill (a) To be on a mountain top (b) To travel in the jungle (c) To be too old to do things (d) To do something in the most complete way
32. Q32. Bite your tongue (a) To stop yourself from saying something because it would be better not to (b) To prevent your tooth from whitening while eating (c) To feel sorry (d) To ask someone someone-
33. Q33. Turn a blind eye (a) To run away (b) To begin to behave in an unpleasant way (c) To change a situation (d) To choose to ignore behavior that you know is wrong
34. Q34. Yellow journalism (a) Paid storytelling (b) Government report (c) Newspaper report published on yellow color (d) Writings in the newspapers that try to influence people’s opinion by using strong language and false information
35. Q35. Journalism which agrees completely with the policies of its government and capitalists (a) Journalism which agrees completely with the policies of its government and capitalists (b) Journalism which agrees completely with the policies of its government and capitalists (c) Journalism which agrees completely with the policies of its government and capitalists (d) Journalism which agrees completely with the policies of its government and capitalists
36. Q36. Work hard(a), lest you do badly(b), fail(c), No error(d)
37. Q37. The Eastern Ghats are home to 2600 plant species(a), and this hilly habitat provides(b), a home to a serious threat to endangered species. (c) No error(d)
38. Q38. The latest report is a fast-moving current(a), that sweeps downstream submarine canyons(b), carries sand and mud into the deep sea(c), No error(d)
39. Q39. Every one(a), of the boys(b), love to ride, No error(c), Nice(d)
40. Q40. Neither praise nor blame (a), seem(b), to affect him(c), No error(d)
41. Q41. My mother has succumbed(c), to this temptation(d), No error(e)
42. Q42. R P Q S  (a) P Q R S  (b) S P Q R  (c) S R P Q  (d) P Q S R
43. Q43. Without any mandate of law(P), the plea filled through the advocate(2), online is illegal and(R), submitted that the sale of drugs and prescribed medicines/S (a) P Q S R  (b) Q S P R  (c) R S P Q  (d) S R Q P
44. Q44. Q S R P  (a) R S Q P  (b) P S Q R  (c) Q S P R  (d) R S P Q

Q41. According to the author, why should one study? (a) To gather information about the world (b) To pass the time in a creative way (c) For pleasure, enhanced capability and holistic growth (d) To become only worldly wise
Q42. Does the author not recommend too much of studies? (a) Because it reflects otherwise (b) Because it requires too much money (c) Because it is dangerous for the health of the mind (d) Because it makes men crafty
Q43. According to the author, how can the studies be balanced? (a) By reflection (b) By application (c) By conversation (d) By experience
Q44. Which kind of human beings denounce studies? (a) Vanaspati (b) Vaidya (c) Stupid (d) Wise
Q45. According to the author, one should read to (a) Learn a lot of facts (b) only believe (c) evaluate and understand (d) preach and believe

Directions : Each of the following sentences in this section has a blank space and four words or group of words given after the sentence. Select the word or group of words you consider most appropriate for the blank space and indicate your response on the Answer Sheet accordingly.
46. The Election Commission on Saturday that the Assembly elections in five States will be held from November 12 to December 7. (a) pronounced (b) announced (c) promulgated (d) published
47. The victims were fruit vendors and they were going in an auto when they ______ an accident on the way. (a) met with  (b) ran into (c) heard (d) missed
48. Scenes of village women taking part in a sit-in protest against the construction of a new underpass. (a) performing  (b) sitting (c) standing  (d) standing
49. It is common for patients to stop medicine as soon as they feel better. Continued
Q50. A four-year-old girl gets her first life of leishmaniasis at a hospital. What is a common tumour from one of her kidneys?
(a) reactivated (b) removed (c) adjusted (d) replaced

PART B
Q51. A thin disc and a thin ring, both having mass M and radius R. Both rotate about axes through their center of mass and are perpendicular to their surfaces. Which one of the following statements is true?
(a) The disc has higher kinetic energy (b) The disc has higher kinetic energy (c) The ring and the disc have the same kinetic energy (d) The kinetic energy of both is the masses are zero since they are in linear motion.

Q52. Let there be an object having some chemical in it. It starts moving with a uniform velocity v and a chemical reaction starts happening. In this case, which of the following statements is/are correct?
1. Chemical reactions happening in the system cannot change the velocity of the object.
2. Chemical reactions happening in the system cannot change kinetic energy of the particles inside with respect to the center of mass of the object.
Select the correct answer using the code given below:
(a) 1 only (b) 2 only (c) Both 1 and 2 (d) Neither 1 nor 2

Q53. In which of the following phenomena do heat waves travel along a straight line with the speed of light?
(a) Thermal conduction (b) Thermal convection (c) Thermal radiation (d) Both, thermal conduction and radiation

Q54. Which one of the following statements regarding Ohm's law is not correct?
(a) Ohm's law is an assumption that current through a conductor is directly proportional to the potential difference applied to it. (b) A conducting device obeys Ohm's law when the resistance of the device is independent of magnitude and polarity of applied potential difference.
(c) A conducting material obeys Ohm's law when the resistance of the material is independent of the magnitude and direction of applied electric field.
(d) All homogenous materials obey Ohm's law irrespective of whether the field is within range or strong.

Q55. Which of the following compounds does not exhibit a different oxidation number of the same element?
(a) PdO (b) FeO (c) CoO (d) SnO

Q56. Which one of the following statements about glass is not correct?
(a) Glass is a supercooled liquid. (b) Glass has a definite melting point. (c) Soda lime glass is harder than pyrex glass. (d) Boron is present in pyrex glass.

Q57. Which of the following statements regarding lenses is not correct?
(a) A convex lens produces both real and virtual images. (b) A concave lens produces both virtual and real images. (c) A convex lens can produce images equal, greater and smaller than the size of the object. (d) A concave lens always produces images smaller than the size of the object.

Q58. Which one of the following statements about diamond and graphite is correct?
(a) Diamond has a tetrahedral structure, whereas graphite has a hexagonal planar structure. (b) Both the physical and chemical properties of diamond and graphite are different. (c) Graphite is soft but diamond is a good conductor of electricity while diamond is not. (d) Graphite is a soft conductor of electricity.

Q59. Which one of the following statements about water is not true?
(a) Hydrogen bonds are present in liquid water. (b) Water has a high heat of fusion. (c) Water is a non-polar molecule. (d) Water has a high heat of vaporization.

Q60. A sample of soap contains:
(a) CaO (b) Ca(OH)₂ (c) CaCO₃ (d) MgCO₃

Q61. Which one of the following statements about the system is less than heat transferred?
(a) Change in internal energy of the system is equal to heat transferred. (b) Change in internal energy of the system is more than heat transferred. (c) Change in internal energy of the system is less than heat transferred. (d) Cannot be determined.

Q62. Consider the following part of an electric circuit:

The total electrical resistance in the given part of the circuit is:
(a) 0 ohms (b) 1 ohm (c) 3 ohms (d) 4 ohms

Q63. Which one of the following statements is correct?
(a) Xylem consists of tracheids, vessels, xylem parenchyma and xylem fibres. (b) Xylem is due to xylem parenchyma. (c) Parenchyma have no intercellular spaces. (d) Xylem consists of sieve plate, sieve tube and companion cells.

Q64. Which of the following popularized the use of embryological characters in taxonomy?
(a) Carol Linnaeus (b) Charles Darwin (c) Aristotle (d) Alfred Russel Wallace

Q65. Which one of the following substances of densities p₁ and p₂ are mixed in equal volume and their relative density is 4. When they are mixed, their equal masses, relative density is 3. The values of p₁ and p₂ respectively are:
(a) 2, 6 (b) 3, 5 (c) 4, 5 (d) 6, 5

Q66. A car starts from Bengaluru, goes 50 km in a straight line towards south, immediately turns around and returns to Bengaluru. The time taken for this round trip is 2 hours. The magnitude of the average velocity of the car for this round trip is:
(a) 0 (b) 50 km/hr (c) 25 km/hr (d) Cannot be calculated without knowing acceleration.

Q67. The sum of em's and potential differences across closed loop equals zero, is a consequence of:
(a) Ohm's law (b) Conservation of charge (c) Conservation of momentum (d) Conservation of energy

Q68. A student measures certain lengths using a meter scale having least count of 0.1 mm. Which one of the following measurements is more precise?
(a) 0.50 mm (b) 29.07 mm (c) 0.925 m (d) 91.96 m

Q69. Which one of the following statements is correct?
(a) The density of water is zero, which one of the following statements for a gas kept at a constant temperature is correct?
(a) Change in internal energy of the system is equal to heat transferred in or out of the system. (b) Change in internal energy of the system is less than heat transferred. (c) Change in internal energy of the system is more than heat transferred. (d) Cannot be determined.

Q70. Consider the following part of an electric circuit:

The total electrical resistance in the given part of the circuit is:
(a) 0 ohms (b) 1 ohms (c) 3 ohms (d) 4 ohms

Q71. Which one of the following statements is correct?
(a) A convex lens produces both real and virtual images. (b) A concave lens produces both real and virtual images. (c) A convex lens can produce images equal, greater and smaller than the size of the object. (d) A concave lens always produces images smaller than the size of the object.

Q72. 10 g of ice at -10°C is mixed with 10 g of water at 0°C. The amount of heat required to raise the temperature of mixture to 0°C is:
(a) 400 cal (b) 500 cal (c) 600 cal (d) 700 cal

Q73. Which one of the following does not represent the salt, Calcium carbonate?
(a) CaO (b) CaCO₃ (c) Ca₃(PO₄)₂ (d) Ca₃(PO₄)₃

Q74. Soaps clean surfaces on the principle based on:
(a) Viscosity (b) Floatation (c) Elasticity (d) Surface tension

Q75. Which one of the following substances is not a reaction product?
(a) H₂O (b) CaCO₃ (c) MgO (d) Ca(OH)₂

Q76. A student measures certain lengths using a meter scale having least count of 0.1 mm. Which one of the following measurements is more precise?
(a) 0.50 mm (b) 29.07 mm (c) 0.925 m (d) 91.96 m

Q77. Net movement of water from a dilute to a concentrated solution through a selectively permeable membrane is called:
(a) Diffusion (b) Dispersion (c) Osmosis (d) Absorption

Q78. Blood is a type of Epithelial tissue (a) (b) (c) (d) (e)

Q79. Mitochondria are able to produce their own:
(a) Plastids (b) Proteins (c) Chloroplasts (d) Digestive enzymes

Q80. Which one of the following statements is correct?
(a) Xylem consists of tracheids, vessels, xylem parenchyma and xylem fibres. (b) Xylem fibres are due to xylem parenchyma. (c) Parenchyma have no intercellular spaces. (d) Xylem consists of sieve plate, sieve tube and companion cells.
We describe our country as a sovereign democratic republic which is parliamentary and secular in character and is a Union of States. Now let us see what all this means.

As you know, up to August 15, 1947, we were under the British rule, i.e., an alien people living in a far-away land determined our destiny and made laws for us. Then we became independent and acquired the right to govern ourselves. From then on we are not answerable to any outside authority for what we do or do not do. This is what is meant by being sovereign. The word sovereign also means a king and in fact in olden times the sovereignty lay with the kings. They could do whatever they wanted, without, if they so liked, even consulting their own people. Their word was the law. Now this sovereignty in our country is vested in the entire people in each one of us inhabiting this vast land. Our own word and our own will, as collectively expressed, is the law. We have instituted a well thought-out system for the expression of this collective will. This is possible only if we choose a limited number of people who may sit at one place and speak with authority on our behalf. Through these representatives of ours we make laws and say what we want and what we do not want. This is democracy.

We are by now quite familiar with the elections in our country which are held periodically. This is our way of choosing our representatives and the Constitution has seen to it that the elections are fair and impartial. There is an independent Election Commission conduct elections and nobody has any influence on this Commission. It has only to observe the provisions of the Constitution. We are a free democracy and all of us are entitled to hold whatever views we think right and to differ from each other. All people holding different views are free to compete with each other for the endorsement of their views by the majority. For this purpose those having common views constitute themselves into political parties. We have quite a number of such parties in our country and they all nominate their candidates to fight elections. Even individuals can fight as independents.

They all go and solicit the support of the common man. Now this is where the common man is the king. He is in the happy position of supporting or rejecting, of his own free will, any candidate he likes. Our Constitution has given the right to vote to all our people. In other words we enjoy what is called the adult franchise. After the elections, the party, or the group of parties coming together, which manages to get the majority support forms the Government. The leader of this party or group of parties becomes the Prime Minister. Thus, through Prime Minister of our own choice we govern ourselves.

India is a big country and we have among us people practicing a number of religions. The people are all free to follow whatever religion they want but if the Government also adopts the dictates of any one religion; even if it may happen to be the religion of the majority, it will be unfair to others. So we have decided through our Constitution that the Government will be neutral in the matters of religion and all will be equal in the eyes of law. We are thus having a parliamentary and secular system of democracy.

Based on administrative convenience and other considerations like language, etc., the country is divided into a number of territorial units. They are called States. As we shall see later, they enjoy a large measure of authority to manage their internal affairs. Some units, however, are not very big and they are called Union Territories, being directly under the Central Government. These States and the Union Territories are all members of our joint family and that is why we are known as a Union of States. We could also call ourselves a Federation but the word ‘Union’ has a certain legal meaning. It implies that our unity cannot be destroyed. No State has the right to get out of the Union.

Following an analogy of Mahatma Gandhi, you take a paper and draw a very small circle in its centre; it will represent you and your family. Then draw a slightly bigger circle around it which will be your village, or town, or city. Again another circle and that will be your State; then finally, the biggest circle around them all which will represent the country.

The country thus includes everything within its circumference and all smaller units are its integral parts. Following Mahatma Gandhi’s analogy further we may say that these circles do not suppress each other, but help and support each other; the country as a whole looking after the welfare of the units and the units contributing to the strength of the country. This joint family of ours is a compact entity. The Constitution applies to all the people and all the territories and makes us a single well-knit nation.

The democratic system and integration of the country, however, are not ends in themselves. The real aim is the progress and well-being of the people. Our Constitution thus goes further. It has not only enabled us to have our own rule, but has also given us a way of life which ensures our dignity as human beings. As a matter of fact, the very preamble of the Constitution embodies the resolve of the people of India to secure for all citizens Justice, social, economic and political: Liberty of thought, expression, belief, faith and worship; Equality of status and of opportunity; and to promote among them all Fraternity, assuring the dignity of the individual and the unity of the nation.

These are very laudable objectives indeed. But how are they to be achieved and how are they to be safeguarded? For this the Constitution has created a number of great institutions, like our President, our Parliament, our State Legislatures, our Courts and so on.

(Excerpts from the book: An Outline Of The Indian Constitution, published by PUBLICATIONS DIVISION)
INDIAN REPUBLIC ON A STEADY TRAJECTORY

government was the essence of it. The overarching vision was that India will not have only a democratic government in form but also in substance - both the way the government comes into existence and the way it conducts itself.

There are democracies and democracies. Even China - a totalitarian state - calls itself a democracy, People's Democracy. North Korea, another totalitarian state, is recognized as the Democratic People's Republic of Korea. A military-led Pakistan called itself a "Guided Democracy." This explains democracy's pull factor - every nation wants to be known as a democracy. But the sad fact is that only a few nations are qualified to be called true democracies. Happily India is one of them.

A real democracy entails free and fair competition; it must allow multiple contestants to bid for power in level-playing-conditions. Post-Soviet Russia is not a democracy in the classic sense, because although it allows multiple contestants, it ignores the playing field through several restrictions.

How does India rate in this trajectory of a true democracy? The Indian Constitution provides an elaborate framework for the conduct of free and fair elections. Although there were sporadic cases of booth capturing and-forbidding stuff of the ballot in the early decades after Independence, those practices virtually died out with the conduct of elections in several phases and the large-scale deployment of the paramilitary forces. The then Chief Election Commissioner T.N. Seshan started the practice in the 1990s and that continues till date.

A real democracy not only provides salutary conditions for conducting free and fair elections, it also stipulates ways and means to ensure that an elected government is kept within the democratic bounds through reasonable checks and balances. The Indian Constitution created an elaborate framework to establish the primacy of the Legislature, the Executive and the Judiciary in their respective spheres and stipulated checks and balances to ensure a moderating influence in their working relationship with each other. A free and vibrant press is also the hallmark of a true democracy.

Though this arrangement has come under strain several times during the last seven decades — and on some occasions we stared at the precipice — it has never reached a point of no return. The Emergency was a dark chapter in the history of Indian democracy - that was a clear negation of the spirit of the Indian Constitution — but, mercifully, it proved to be a temporary aberration.

As we have adopted a parliamentary system of government - where there is virtual convergence of power between the Legislature and the Executive -- the Legislature is expected to point out the foibles and scribes of the Executive and place effective roadblocks on its way, in case of abuse of power.

The real challenge to the arbitrary exercise of power by the Executive comes from the Judiciary. The framers of the Indian Constitution, following the example primarily of that of the US Constitution, for the superlative power of the Judicial Review: to review the constitutionality of not only the Executive's but also the Legislature's actions. It was bound to be a controversial provision: questions were raised as to how could a few unelected men act in judgement over the actions of the elected members of the legislature representing the entire country.

The founding fathers of the Constitution both in the US and in India were firm in the view that there was a real danger of the Executive riding roughshod over the liberties of the citizens, in complete violation of the provisions of the Constitution, if its powers went unchecked.

In the US, there is the separation of powers between the Executive and the Legislature, so the Legislature, the US Congress, can act as a countervailing power to the Executive, i.e. the US President. But, the framers of the Constitution of the US felt that a body of eminent judges would be better placed to decide the legality of the actions of both the Executive and the Legislature.

In case of India, it was all the more needed as the Executive is a more extension of the Legislature. The framers of the Indian Constitution saw the role of the Judiciary - especially the Supreme Court of India - as paramount to keep the split of the Constitution alive, whenever the Legislature or the Executive transgressed it.

That has, of course, led to ugly clashes between the Executive and the Judiciary. It was most visible during the 1970s when the then government carried out amendments to some of the provisions of the Constitution which were struck down by the Supreme Court as unconstitutional.

In the Keshavananda case, the Supreme Court ruled that while the Legislature has untrammeled power to amend the Constitution, no government could alter the core values, what it called the basic structure, of the Constitution. This again led to a backlash from the government of the day. Contrary to the conventional practice of appointing the senior-most judge as the Chief Justice of India, the then government decided to supersede the three senior-most judges of the Supreme Court who had ruled against the unlimited power of the Legislature in the Keshavananda Bharti case. The dissenting judge in that case - who had supported the plea that no restriction should be placed on the amending power of the legislature - was elevated as the Chief Justice of India. That gave rise to a notion of a "Committee judiciary," putting paid to the constitutional imperatives of the checks and balances. The relationship between the Executive and the Judiciary whether it that of unseemly confrontation or embarrassing collaboration, pose a danger to proper functioning of the democracy.

The founding fathers of the Indian Constitution had a distinct vision of a Federal and Secular India. The plurality and the diversity are the essence of India as a nation. This plural and diversity could be best manifested in a federal form of government where the Union Government (Centre) is responsible for the larger concerns involving the unity and the integrity of the nation whereas the provincial governments (States) look after the nitty-gritty of the planning and execution of the policies for the betterment of the lives of the respective residents.

But, unfortunately, the Centre-State relations in India have been rather fractious since the inception. The Constitution had a provision for the suspension of a state's assembly and imposition of the President's rule under Article 356 of the Indian Constitution. This was to be exercised by the central authority in extraordinary situations like the complete breakdown of the state machinery. But the controversial dismissal of the Communist government in Kerala in the 1950s set a bad precedent which was indiscriminately used by the subsequent central governments in the 1970s and 1980s. It was only after the Supreme Court of India stipulated certain conditions for the exercise of the Art 356, in the famous S R Bommai vs Union of India case, such reckless abuse of a constitutional position was halted.

Though India was divided into two nations on the basis of religion in 1947, the framers of the Indian Constitution were of the firm conviction that India would be a secular state, where all religions would be respected but there would be no state religion. But, unfortunately, vote bank politics has violated this ideal both at the centre and in some states— it has placed roadblocks on creating a truly secular state. There have been attempts by certain political formations to appease the minorities; there have been others which nursed the majoritarian sentiment. It has taken a dangerous turn when its ramifications have extended from party politics to government policies.

The true character of a democracy is manifested in the way it treats its minorities. The US treatment of the racial minorities - especially the blacks - has been a subject of hot debate worldwide.

If we wish India to make a mark as a vibrant Democratic Republic, we will have to make renewed efforts - both at the level of the governments and the citizenry - to ensure that we do not go the Hungarian or the Turkish way, where the democratic institutions and processes have been systematically subverted by the popularly elected governments. It is a momentous challenge for all of us to keep the ship of democracy steady as it negotiates choppy waters.

The challenge is manifold: we, as a nation, must ensure that we are in a position to conduct free and fair elections and provide inestimable political, social and economic rights to our citizens, and that we are capable of running a truly federal and secular government, in which the main pillars of our democracy function in the true spirit of the Indian Constitution.

PM Modi urges youth to contribute selflessly and constructively in politics

Prime Minister Narendra Modi has said that the New National Education Policy focuses on development of better individuals and a better country. Addressing the valedictory function of the 2nd National Youth Parliament Festival on 12th January through video conferencing, Mr. Modi said, the policy gives priority to our youth's understanding, their decisions and beliefs. The Prime Minister said, it is a step towards nation-building and the Government is building an eco-system which will give better opportunities to the youth.

Third phase of Pradhan Mantri Kaushal Vikas Yojana launched

The Third Phase of Pradhan Mantri Kaushal Vikas Yojana was launched on January 15 in 600 districts across the country. Spearheaded by the Ministry of Skill Development and Entrepreneurship, this phase will focus on new-age and COVID-related skills. Skill Development Minister Dr Mahendra Nath Pandey interacted with various students of the skill development centres. Skill India Mission PMKVY 3.0 envisages training of eight lakh candidates over a scheme period of 2020-2021 with an outlay of 949 crore rupees. Prime Minister Narendra Modi launched the Skill India programme in 2015 and it has gained tremendous momentum through the launch of its flagship scheme PMKVY to unlock the vision of making India the Skill Capital of the world.

Centre urges farmers to take advantage of Pradhan Mantri Fasal Bima Yojana

The Centre has urged the farming community to take advantage of the Pradhan Mantri Fasal Bima Yojana (PMFBY) in order to become "self-reliant farmers". In a statement, the Union Agriculture Ministry claimed that it had launched its national programme. The Ministry said that farmers would be benefited by the scheme. The Centre also launched the Fasal Bima Yojana in 2016, which covers the entire crop season. The scheme provides financial support to farmers in the event of crop loss.

SC stays three new farm laws, forms committee to resolve crisis

The Supreme Court on January 12 put a stay on the implementation of the three farm laws until further orders. It also set up a committee of agricultural experts to facilitate talks between the Centre and farmers' unions to resolve the impasse. The Apex Court said it was trying to solve the problem in the best way and had the power to suspend the laws. The bench headed by Chief Justice of India, S.A. Bobde and comprising Justices A.S. Bopanna and V. Ramasubramanian said those genuinely interested in finding a solution before the committee. The bench was hearing a batch of petitions regarding the Constitutional validity of three farm laws passed by Parliament and a plea to discontinue the protesting farmers.

New Foreign Trade Policy to come into effect from April

The new Foreign Trade Policy-FTP will come into effect from 1st April this year for a period of five years. The policy will strive to make India a leader in the area of international trade and channelize the synergies gained through merchandise and services exports for growth and employment with a goal to make India a 5 trillion dollar economy. The decision was taken in the meeting of the Parliamentary Consultative Committee of the Ministry of Commerce and Industry on the “New Foreign Trade Policy 2021-26”. The meeting was chaired by the Minister of State for Commerce and Industry Hardeep Singh Puri and attended by Members of Parliament and senior officers. The FTP 2015-20 came into effect on 1st April 2015 and the same was extended by one year till 31 March this year due to Covid-19 pandemic. A Ministry of Commerce and Industry statement said that District Export Hubs initiative will form an important component of the new FTP.

US unveils 1.9 trillion dollar Coronavirus relief package

US President-elect Joe Biden has unveiled a 1.9 trillion dollar Coronavirus emergency relief package. The stimulus plan underscores Biden's intent to aggressively shore up a deteriorating economy and address the devastation wrought by the pandemic. It is designed to provide another infusion of federal aid for families, businesses and local governments confronting a surge of Covid cases. Biden's plan includes a new round of direct payments to US households, funding to promote the safe opening of schools and initiatives to support small businesses.

US imposes new sanctions on Chinese officials, state-owned oil company CNOCO

The US has imposed new sanctions on Chinese officials and state-owned enterprise oil giant CNOCO over Beijing's increasing assertiveness in the South China Sea. A statement from US Secretary of State Mike Pompeo said the US is imposing visa restrictions on Chinese individuals including executives of state-owned enterprises and officials of the Chinese Communist Party and Navy. While announcing the sanctions, Mr. Pompeo said the US stands with Southeast Asian claimants seeking to defend their sovereign rights and interests, consistent with international law. He said, "we will continue to act until we see Beijing cease its coercive behaviour in the South China Sea". Mr. Pompeo said, the restrictions could also apply to immediate family members. The US Administration also said it is adding China's state oil company, the China National Offshore Oil Corporation, to a list of companies with which US citizens are banned from doing business. The US Administration also added Chinese aviation firm Skytrzon and nine other firms to the blacklist.

Saina Nehwal crashes out of Thailand Open

In Badminton, ace Indian shuttler Saina Nehwal crashed out of the Thailand Open after a hard-fought second round defeat against Busanan Ongbumrungphan of Thailand. Saina lost 23-21, 14-21, 16-21 in a match that lasted for 68 minutes to bow out of the Super 1000 tournament. With Saina's loss, India's challenge in the women's singles event came to an end at the tournament. Saina had lost her opening round match to world No.15 Ms Blichfeldt. In men's singles, Kidambi Srikanth also pulled out of the tournament before the start of his second-round match due to a calf muscle strain. In the Men's doubles event, the Indian pair of Satwiksairaj Rankireddy and Chirag Shetty also crashed out after suffering a straight-games defeat in their second-round fixture.
